

AGENDA BILL APPROVAL FORM

Agenda Subject: 1 st Quarter 2017 Financial Report		Date: June 7, 2017
Department: Finance	Attachments: Quarterly Financial Report	Budget Impact: \$0
Administrative Recommendation: For discussion only.		
Background Summary:		
<p>The quarterly financial report summarizes the general state of Citywide financial affairs and highlights significant items or trends that the City Council should be aware of. The attachment provides the first quarter 2017 status report based on financial data available as of April 26, 2017 for the period ending March 31, 2017 and sales tax information representing business activity that occurred through January 2017.</p>

Executive Summary

This Executive Summary provides an overview of the City's overall financial position for the fiscal period ending March 31, 2017, reflecting financial data available as of April 26, 2017.

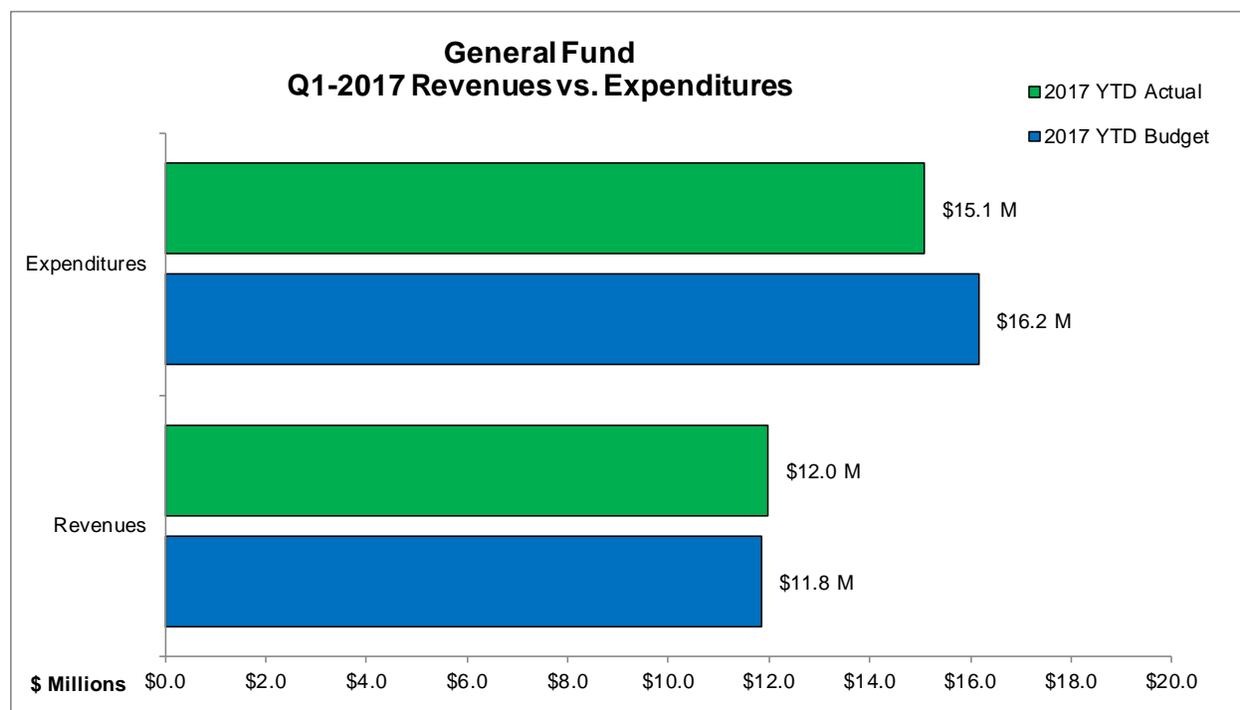

General Fund:

Through March 2017, General Fund revenues totaled \$12.0 million compared to a budget of \$11.8 million, and were \$408,000 higher than the revenues collected during the same period last year. Some notable variances to budget year-to-date include:

- Property tax collections through Q1-2017 totaled \$847,000, which was 6.6% or \$60,000 below budget expectations but exceeded collections in the same period last year by \$50,000, or 6.3%. The shortfall in relation to YTD budget expectations is a timing issue, where the majority of property tax revenues are collected during the months of April and October, coinciding with the due dates for the County property tax billings. **[page 6]**
- General Fund retail sales tax revenues totaled \$3.8 million, exceeding budget by 2.2%, or \$81,000, and exceeding Q1-2016 collections by \$93,000. The primary area of significant increase in sales activity compared to Q1-2016 was in the automotive category. **[pages 7-8]**
- The Other Taxes category underperformed in Q1-2017 compared to budget. Actual revenues collected through Q1-2017 in this category was \$3.2 million compared to budget of \$2.9 million. The unfavorable variance to budget was \$241,000. This was a timing issue, where new revenues associated with the rate increase for the cable utility tax (about \$263,000) were not received until April. **[pages 9-12]**
- Building permit revenue collected through Q1-2017 totaled \$313,000 compared to collections of \$239,000 for the same period last year and Q1-2017 budget of \$277,000. This revenue increase was due to higher than anticipated permitting activity. **[pages 13-14]**
- Public safety revenues collected in Q1-2017 were \$235,000 compared to a budget of \$113,000. Revenues collected through the first quarter of 2017 were \$76,000 higher than what was collected through Q1-2016 predominately due to additional contracted Police extra duty security services (which are reimbursed by the hiring contractor) compared to the same period last year. **[page 16]**
- Development services fee revenues collected through Q1-2017 totaled \$201,000, ending the quarter \$49,000, or 19.6%, under budget expectations. This was predominately due to lower than anticipated revenues generated from plan check activity. **[page 17]**
- Rents and leases revenues ended the quarter \$104,000 higher than budget. This favorable variance is due to a combination of factors, but includes increased rentals of City-owned facilities including the new Community and Events Center. Also, the City now has a greater inventory of parking spaces, some of which were rented on a 12-month term, making Q1 revenues appear higher. **[page 20]**

General Fund expenditures through the first quarter of 2017 totaled \$15.1 million compared to a budget of \$16.2 million, representing 6.7% less than year-to-date budget. All of the departments, with the exception of the Street Department, operated within their budget through Q1-2017. The variance in Streets was generally due to higher than average maintenance and repair activity, including patching and traffic control on 15th Street SW, guardrail repair on Lake Tapps Parkway, and the replacement of several light poles.

Year-to-date General Fund expenditures ended the period \$763,000, or 5.3% higher than expenditures in Q1-2016. Of the \$763,000 increase compared to Q1-2016, \$600,000 is related to higher costs for salary and benefits. Several factors affected this change, including an increase in employee salaries due to COLA (cost of living allowance) and labor contracts with predefined COLAs; an increase in the cost of providing medical benefits to employees; and employee retirement payouts. The remaining year-over-year increase is primarily seen in interfund expenditures for fleet and IT, which have increased compared to 2016.

Street Funds:

The City's three street funds are special revenue funds where the revenue sources and expenditures are legally restricted. These funds are used for street capital construction projects, local street repair and arterial street repair and preservation projects. In Q1-2017, **Arterial Street Fund** revenues totaled \$153,000 as compared to collections of \$140,000 for 2016; expenditures totaled \$1.2 million as compared to \$516,000 in Q1-2016. **Local Street Fund** revenues exceeded budget expectations the year by \$233,000, or 42.4%, due to higher than anticipated sales tax revenues from local construction projects; expenditures were \$87,000 as compared with a budget of \$104,000. Lastly, the **Arterial Street Preservation Fund** revenues totaled \$503,000 as compared to a budget of \$582,000, while expenditures totaled \$79,000. Historically, the majority of expenditures in all three street funds occur during the second half of the year, when weather conditions are optimal for pavement construction.

[pages 24–29]

Enterprise Funds:

The City's seven enterprise funds account for operations with revenues primarily provided from user fees, charges or contracts for services.

At the end of Q1-2017, the **Water Fund** experienced operating income before depreciation of \$1,128,000 compared to \$775,000 in 2016. This variance is due to lower expenditures compared to Q1-2016, during which the City purchased water from the City of Tacoma. The **Sewer Fund** ended the quarter with operating income before depreciation of \$440,000 compared to \$615,000 in Q1-2016. The variance is due to a budgeted operating transfer to the Water fund for the utilities field operations center and to the recognition of system development charges in the Sewer Capital subfund. The **Sewer-Metro Fund** operating expenditures exceeded revenues by \$185,000 as compared to \$40,000 in 2016. This is due to King County's internal billing process, and is expected to reverse by Q3-2017, consistent with prior years. Lastly, the **Stormwater Fund** ended the quarter with operating income before depreciation of \$663,000 compared to \$715,000 in 2016. This variance is due to a \$100,000 budgeted transfer to the Water fund for the utilities field operations center occurring in Q1-2017—less this transfer, the Stormwater Fund ended Q1-2017 with operating income of \$760,000. **[pages 31–32]**

Internal Service Funds:

Internal service funds provide services to other City departments and include functions such as Insurance, Worker's Compensation, Facilities, Innovation and Technology, and Equipment Rental. All funds have sufficient revenues to cover year-end expenditures. **[page 32]**

Investment Portfolio:

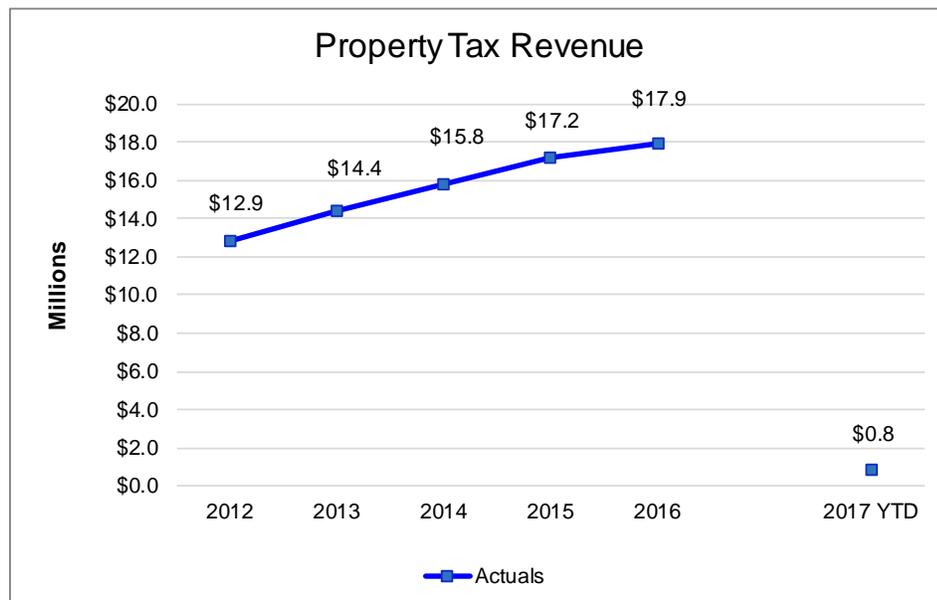

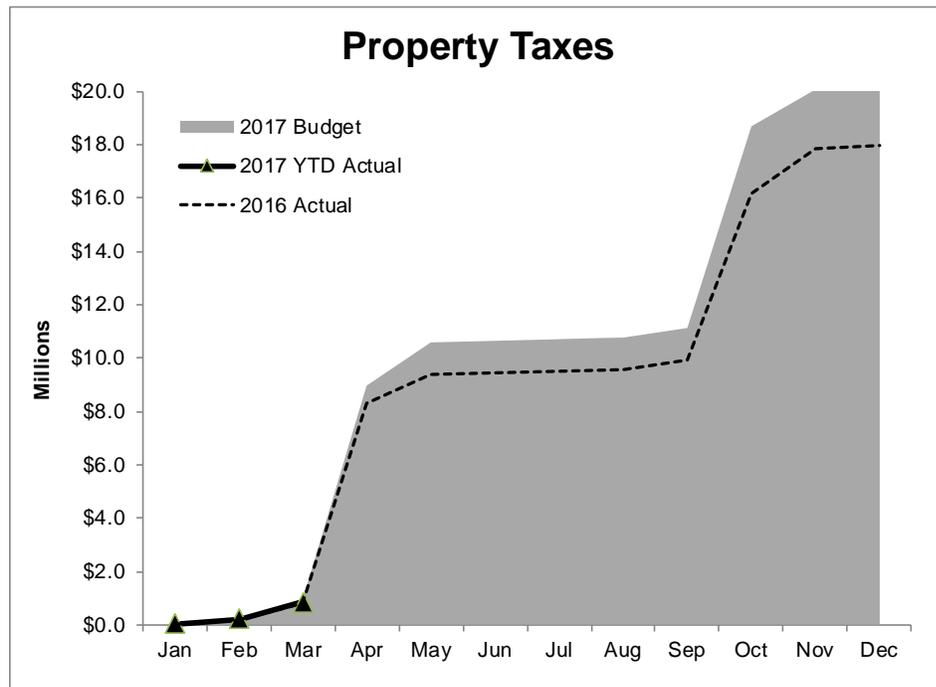

The City's total cash and investments at the end of the first quarter of 2017 totaled \$127.5 million, compared to \$114.7 million at the end of the first quarter of 2016. **[attachment]**

General Fund

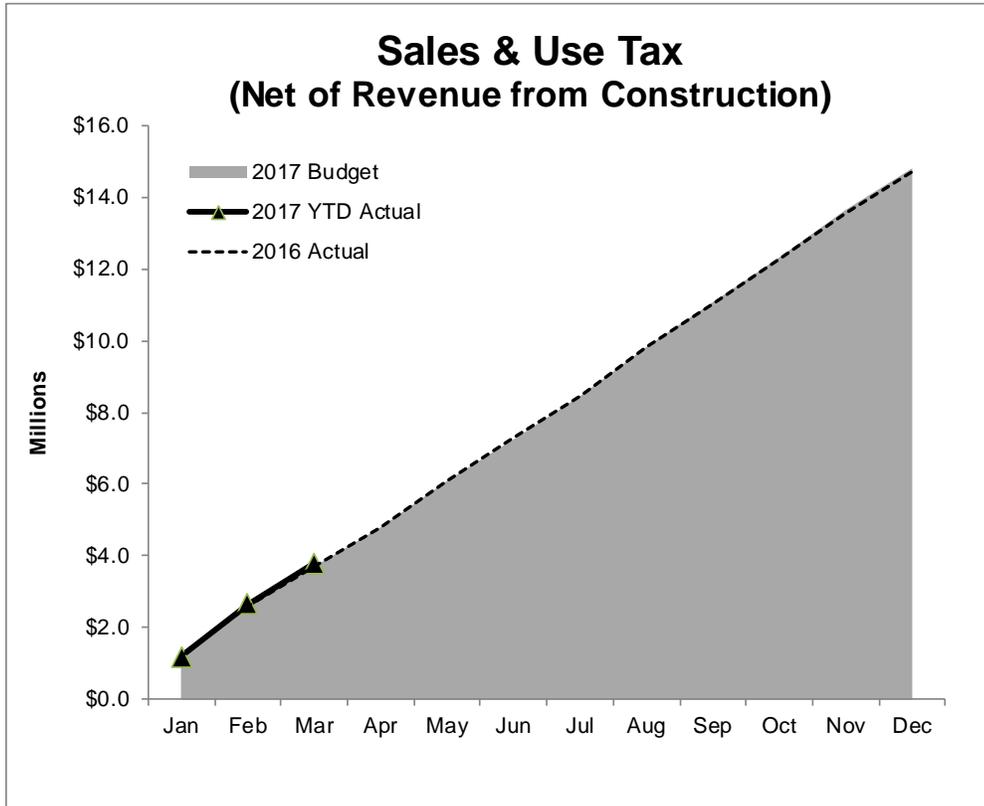

Revenues

The combined total of property, sales/use, utility, gambling, and admissions taxes provides approximately 80% of all resources supporting general governmental activities. The following section provides additional information on these sources.

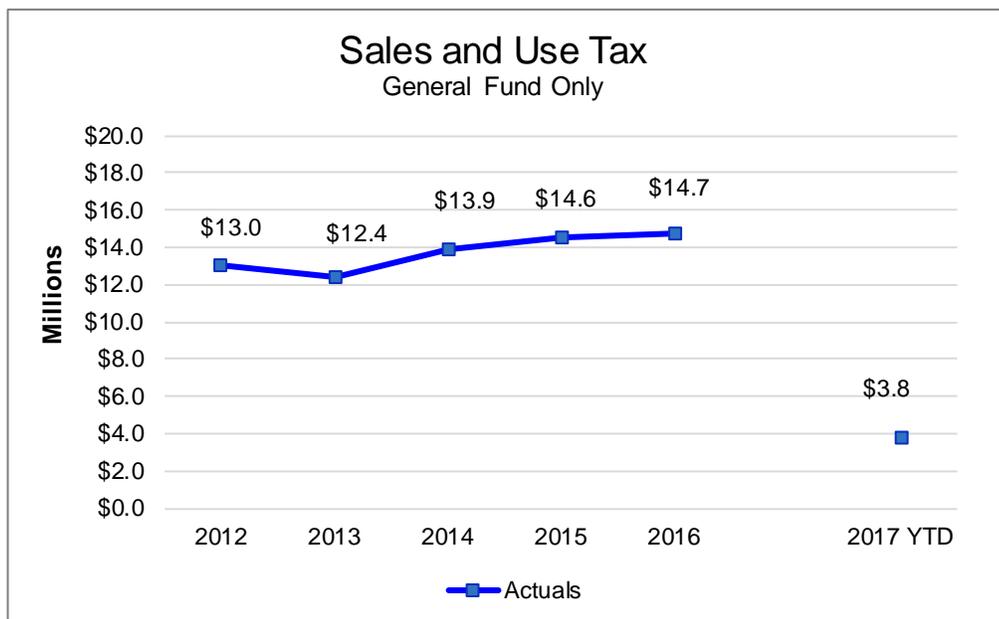

Property Tax collections through Q1-2017 totaled \$847,000, which was 6.6% or \$60,000 below budget expectations but exceeded collections in the same period last year by \$50,000, or 6.3%. The shortfall in relation to YTD budget expectations is a timing issue, where the majority of property tax revenues are collected during the months of April and October, coinciding with the due dates for the County property tax billings.

Sales tax collections through Q1-2017 totaled \$4.4 million, of which \$3.8 million was distributed to the General Fund and \$629,000 was distributed to the Local Street Fund (SOS) program.* Total sales tax revenue distributions to the General Fund through Q1-2017 exceeded budget expectations by \$81,000, or 2.2%.

* Beginning in 2013, Local Street Fund (Fund 103) street repairs have been funded from sales taxes on construction. The total amount transferred through Q1-2017 was \$628,536. The graphic above presents sales taxes under the current policy.

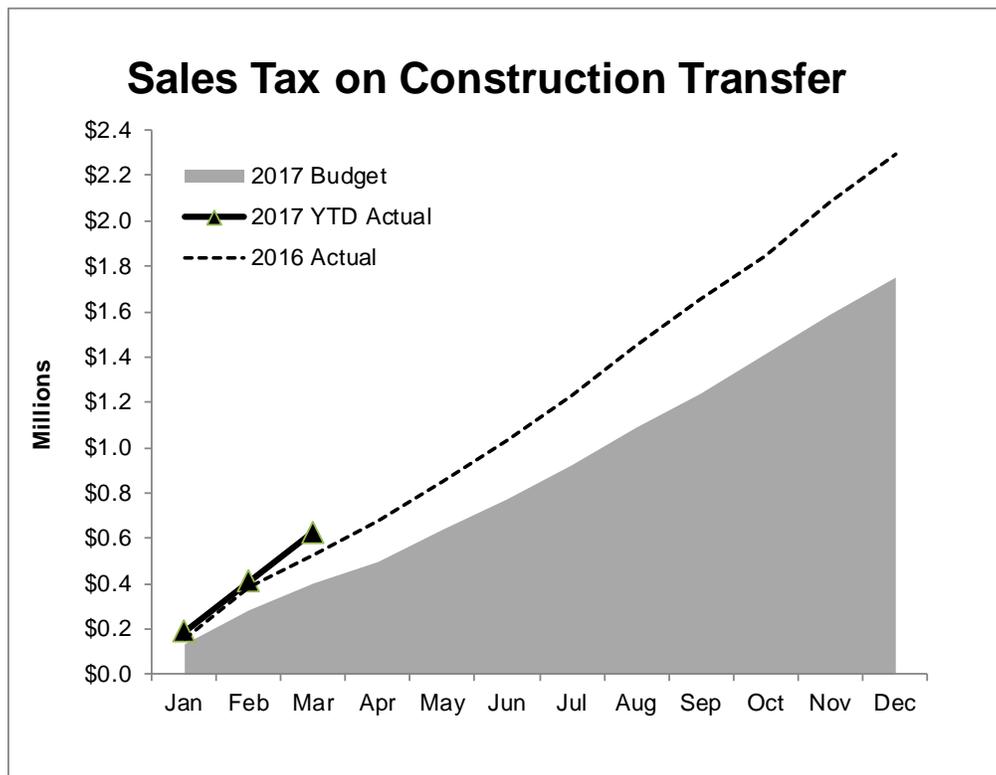

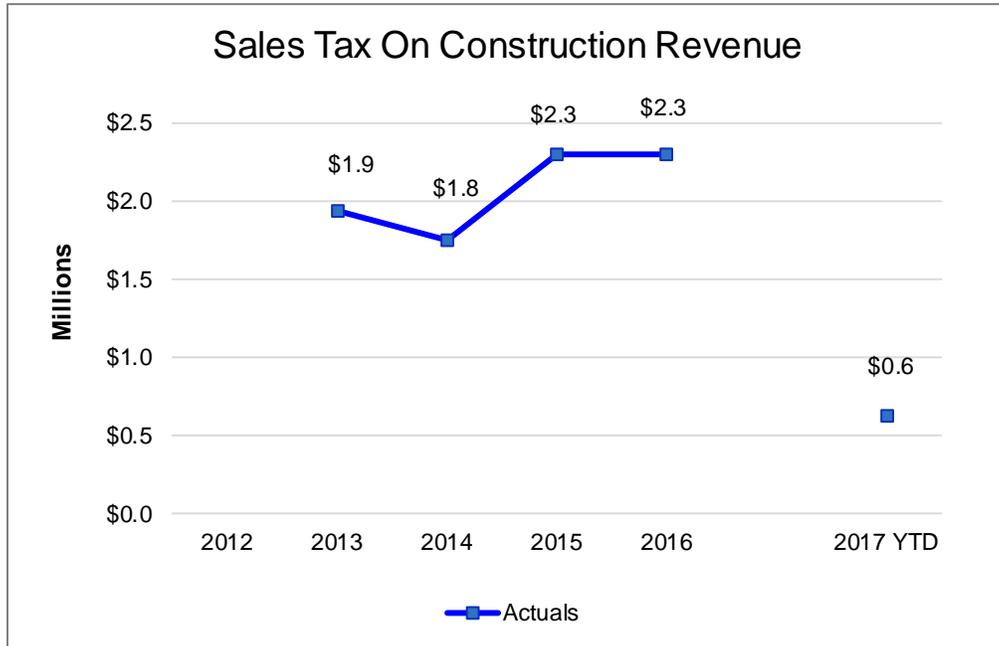

The following table breaks out the City’s base sales tax, excluding Criminal Justice and Annexation Credit Sales Tax, by major business sector.

Comparison of Sales Tax Collections by SIC Group				
Through March				
Component Group	2016 Actual	2017 Actual	Change from 2016	
			Amount	Percentage
Construction	\$ 524,200	\$ 628,536	\$ 104,336	19.9 %
Manufacturing	210,717	206,450	(4,267)	(2.0) %
Transportation & Warehousing	23,257	29,549	6,292	27.1 %
Wholesale Trade	295,294	311,473	16,179	5.5 %
Automotive	862,367	937,591	75,224	8.7 %
Retail Trade	1,333,483	1,342,361	8,878	0.7 %
Services	973,192	906,349	(66,843)	(6.9) %
Miscellaneous	25,331	27,212	1,881	7.4 %
YTD Total	\$ 4,247,841	\$ 4,389,521	\$ 141,680	3.3 %

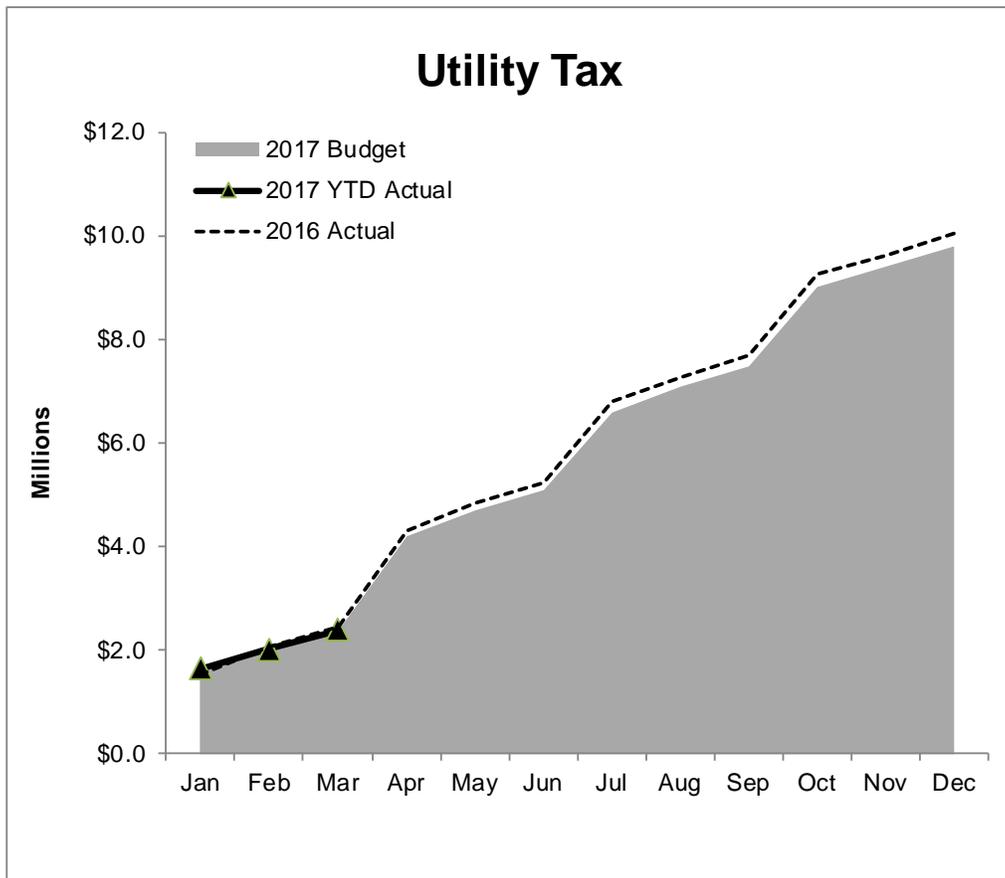

Total sales tax revenue collected in Q1-2017 exceeded prior year collections by \$142,000, or 3.3%. The business sector showing the largest increase in General Fund revenues compared to last year was the automotive category.

Sales tax revenue on construction, which is transferred to the Local Street Fund (Fund 103) for local street repair and maintenance, totaled \$629,000, which is \$104,000 more than what was collected in Q1-2016 and is \$231,000 higher than budgeted.

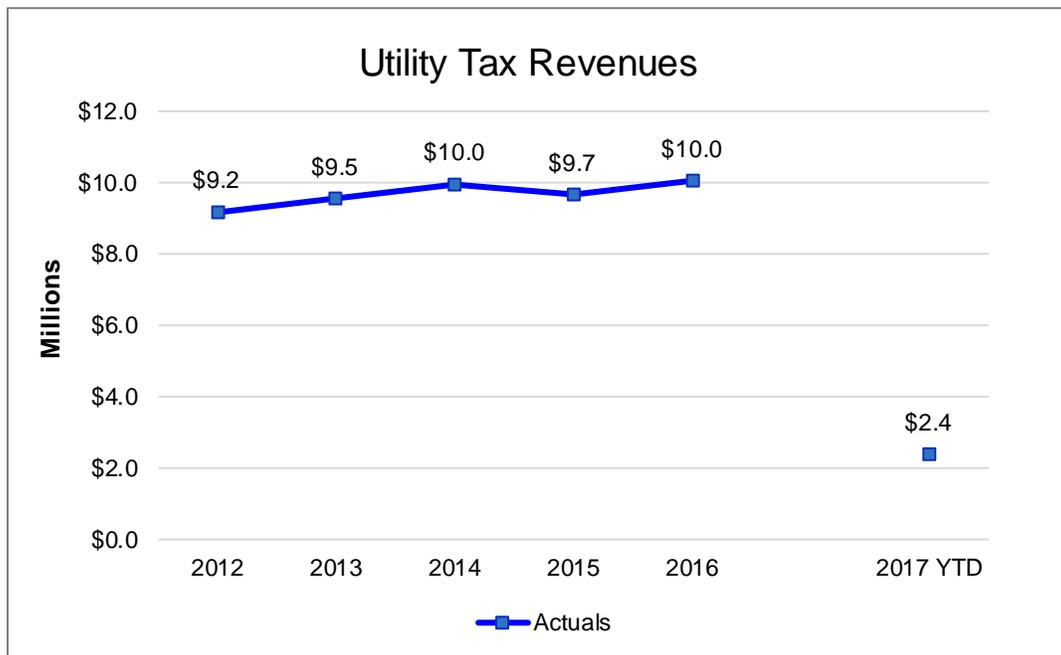

Utility Taxes consist of interfund taxes on City utilities (Water, Sewer, Storm and Solid Waste) and taxes on external utilities (Electric, Natural Gas, Telephone and Solid Waste). Utility taxes collected in Q1-2017 totaled \$2.4 million and were \$10,000 less than anticipated (0.4% variance to budget).

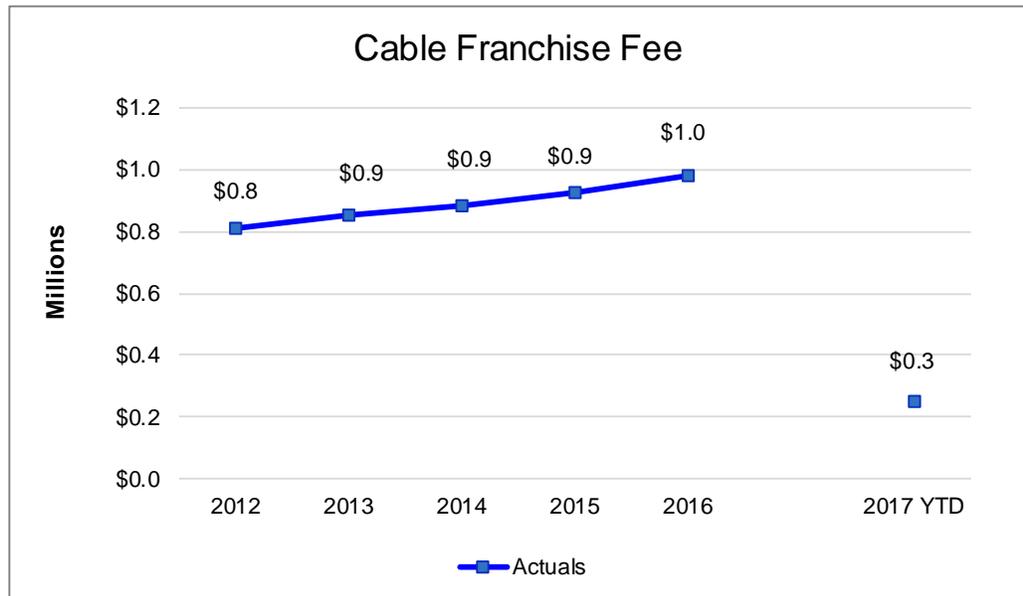

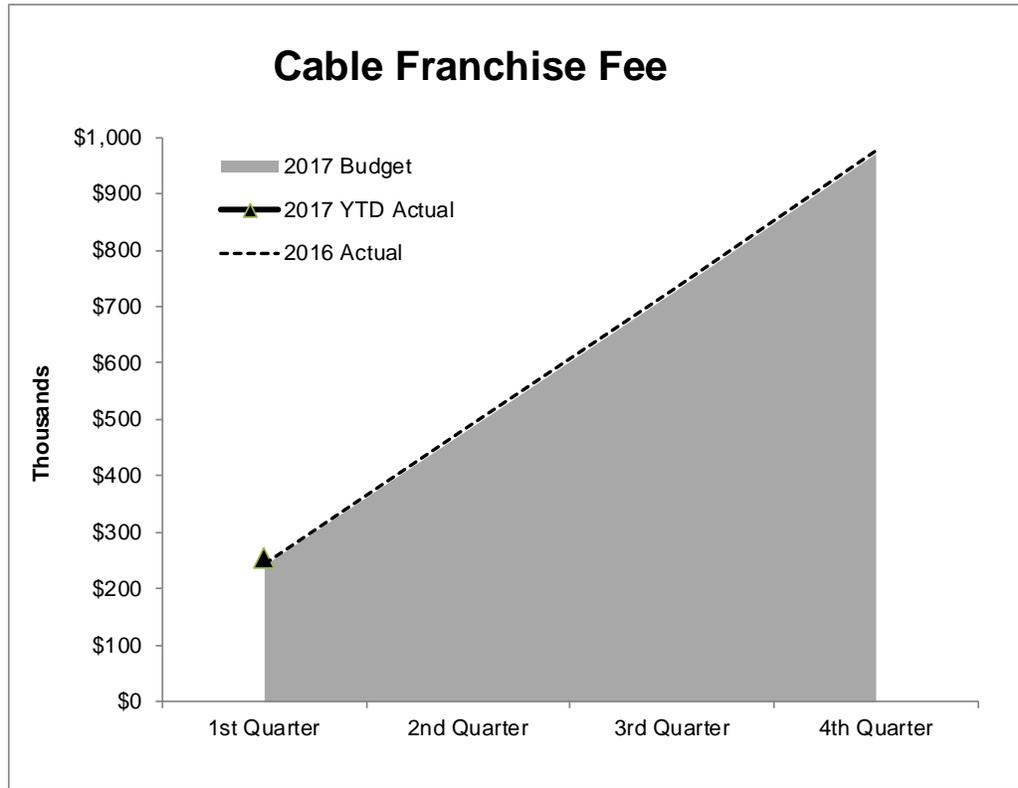

Favorable variances in City interfund utility tax, electric tax, and solid waste tax revenues somewhat offset lower than expected collections for natural gas and telecommunications. Natural gas revenues collected in Q1-2017 was \$40,000 or 15.0% less than budget, and \$30,000 less than collected the same period last year.

Water revenues are cyclical and are expected to increase in the third quarter due to warmer weather and seasonal water use.

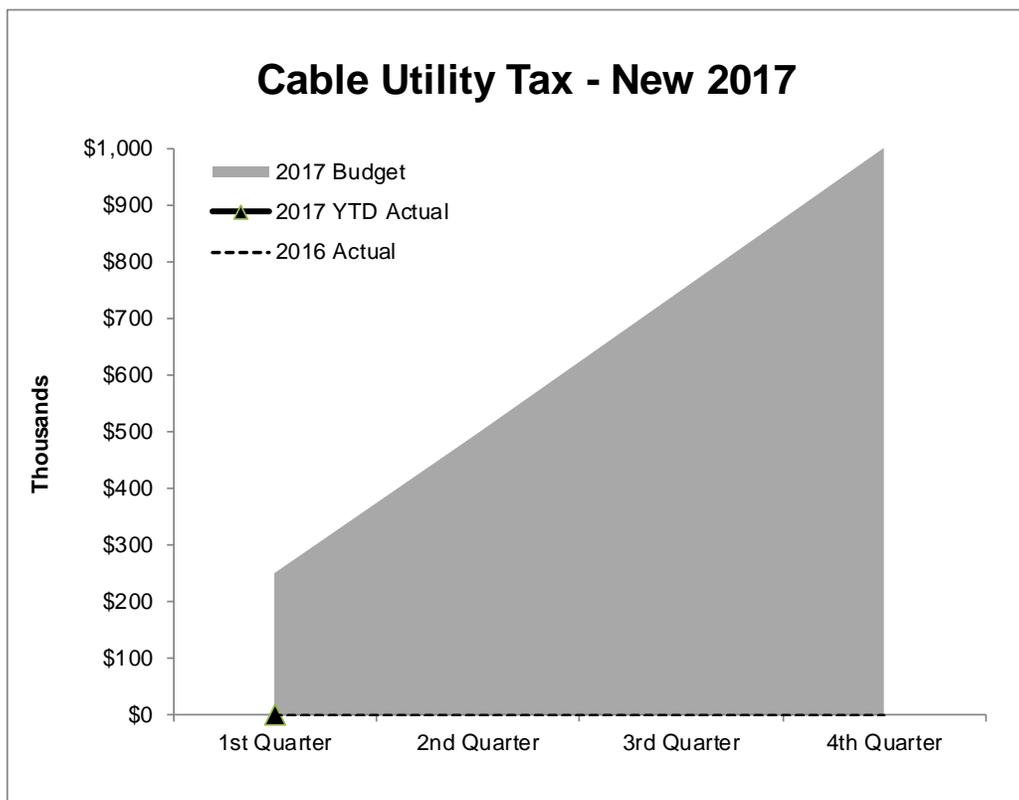

Utility Tax by Type Through March 2017							
Utility Tax Type	2016 YTD Actual	2017 YTD Budget	2017 YTD Actual	2017 vs. 2016 Actual		2017 vs. Budget	
				Amount	Percentage	Amount	Percentage
City Interfund Utility Taxes	\$ 865,034	\$ 819,100	\$ 889,876	\$ 24,843	2.9 %	\$ 70,776	8.6 %
Electric	888,465	877,800	878,558	(9,907)	(1.1) %	758	0.1 %
Natural Gas	257,763	267,900	227,755	(30,008)	(11.6) %	(40,145)	(15.0) %
Telephone	405,093	405,500	362,726	(42,367)	(10.5) %	(42,774)	(10.5) %
Solid Waste (external)	30,540	30,000	31,394	854	2.8 %	1,394	4.6 %
YTD Total	\$ 2,446,894	\$ 2,400,300	\$ 2,390,309	\$ (56,585)	(2.3) %	\$ (9,991)	(0.4) %

Cable Franchise Fees, which are collected quarterly, totaled \$253,000 and exceeded budget by \$12,000, or 5.2%.

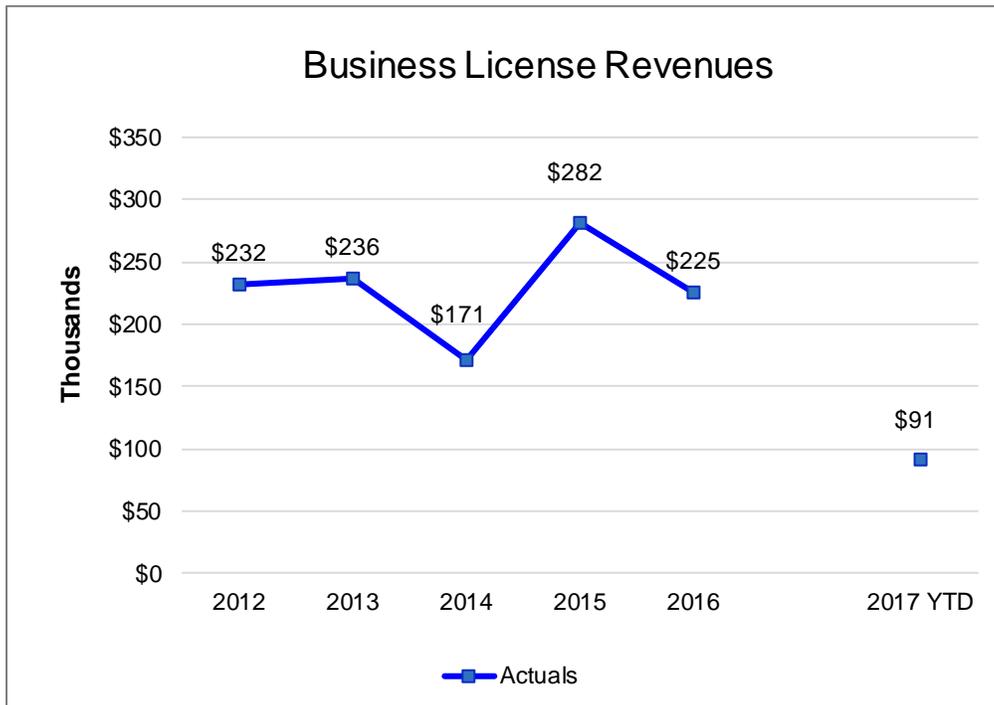

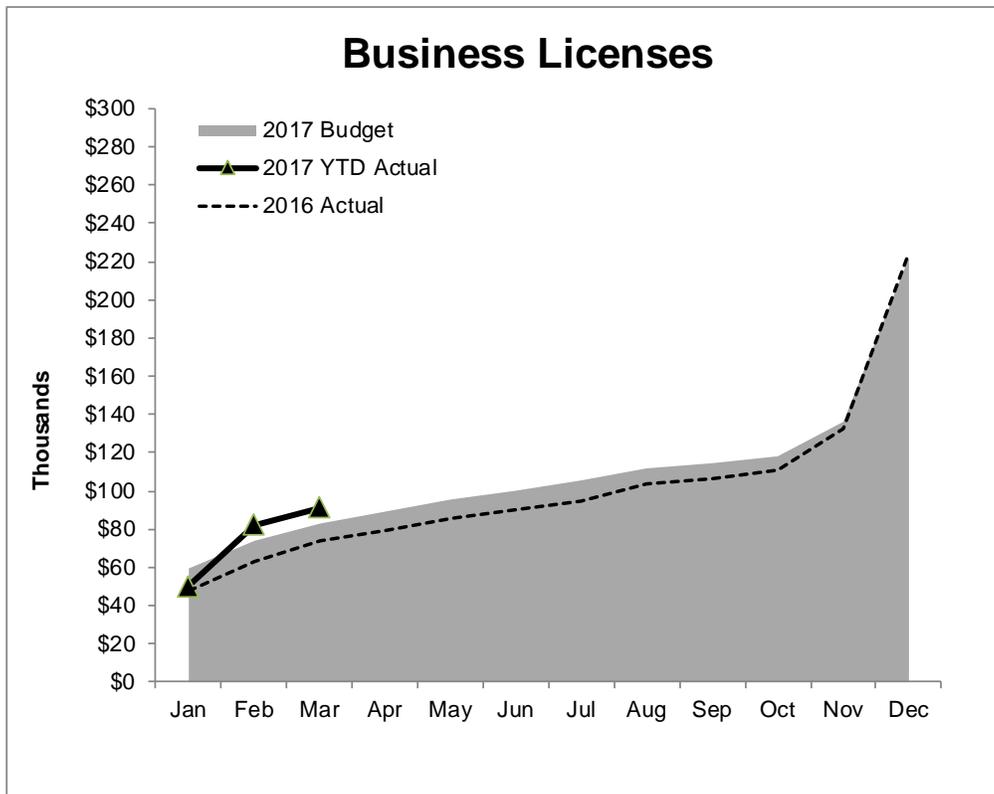

Cable Utility Tax (New in 2017). In September 2016, City Council approved Ordinance No. 6620, which increased the Cable Utility Tax from 1.0% to 6.0%, with the entirety of the new tax amount benefitting the General Fund. This tax became effective on January 1, 2017 and will be collected quarterly. Although this revenue stream appears to be unfavorable to budget through Q1-2017, this is just a timing issue whereas the revenues for January through March 2017 (\$263,000) were collected in April 2017. The distribution received in April exceeds the budget expectation for Q1-2017 (\$250,000).

Licenses and Permits include business licenses, building permits, plumbing, electric and other licenses and permit fees. Building permit fees and business licenses make up about 70% of the annual budgeted revenue in this category.

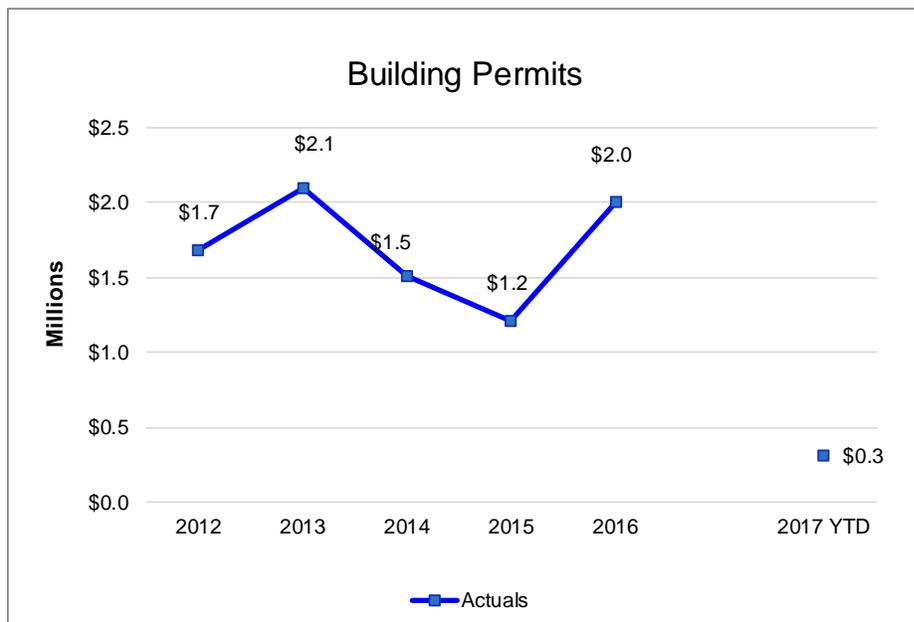

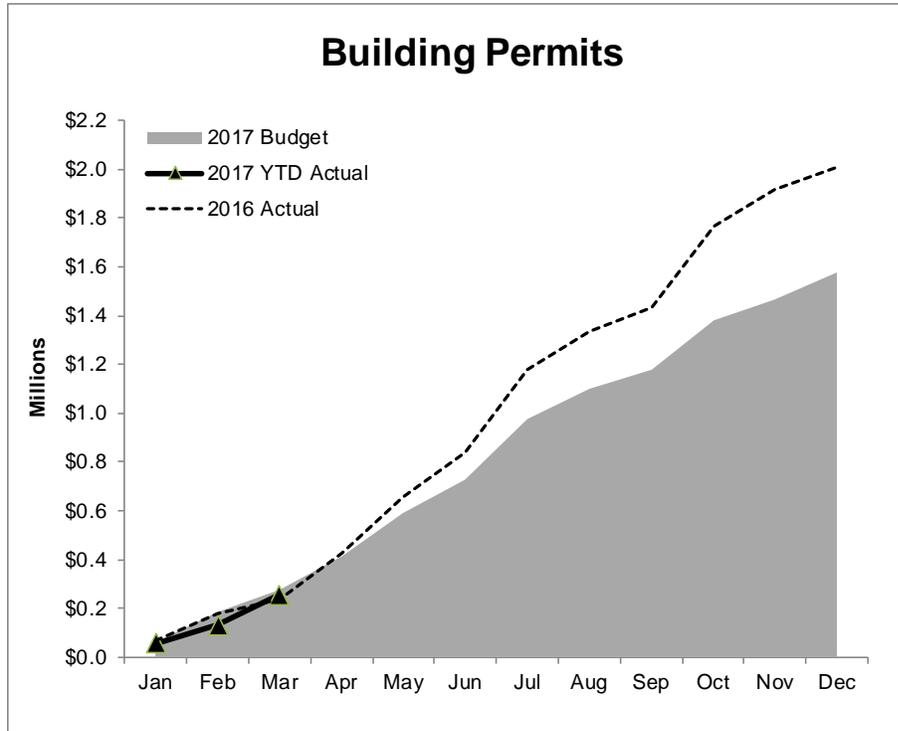

Business license revenues collected through March 2017 totaled \$91,000, compared to a budget of \$83,000. The first graphic on the following page reflects the timing of payments by business owners, where the majority of business license payments are typically collected during the first two months of the year and the last month of the year.

Building permit revenues collected through March totaled \$313,000, compared to a year-to-date budget of \$277,000 and \$239,000 collected during the same period in 2016. 153 building permits were issued through March 2017 as compared with 155 building permits issued through March 2016. Although this represents a slight reduction, the construction valuation of the 2017

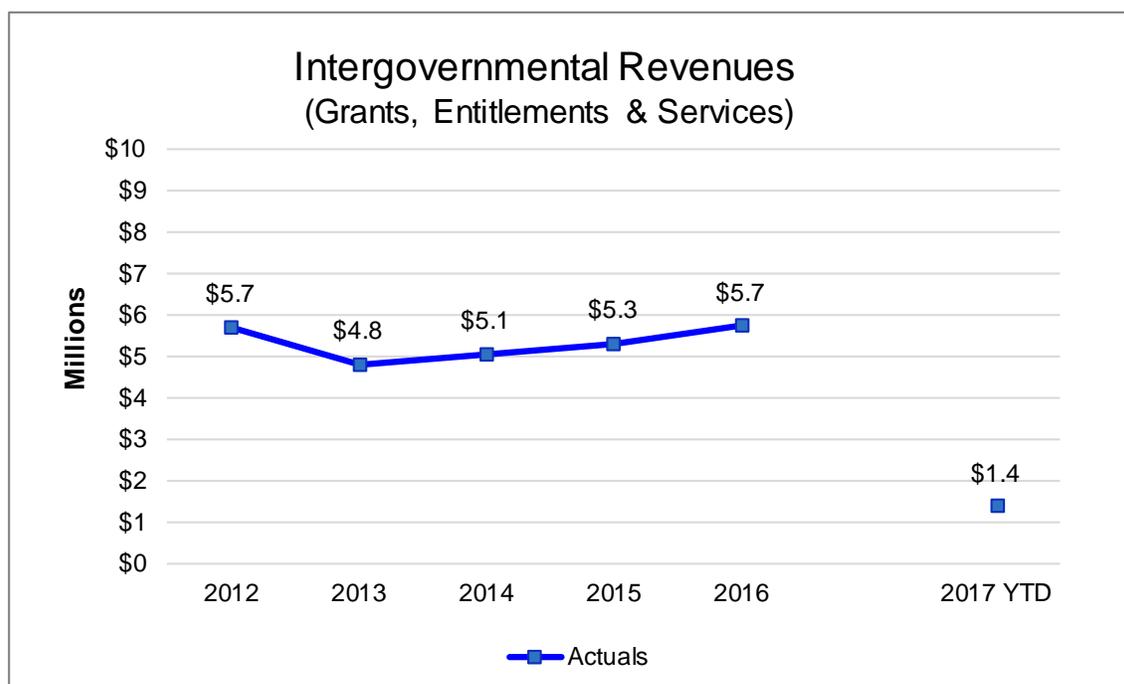

permits issued to date was 52.4% higher than the valuation of permits during the same period last year.

Building permit activity through Q1-2017 included permitting for several commercial projects such as the Multicare tenant improvement project, carports at the Villa’s complex, and tenant improvements at the Outlet Collection for the new Dave and Buster’s restaurant. In addition, numerous residential housing developments were permitted in Q1-2017 – most notably, Canyon Creek, Hazel View, and Calla Crest. Of the \$313,000 in building permit revenues collected in Q1-2017, 34% was attributable to commercial projects in the City and the remaining 66% was predominately single family housing permits.

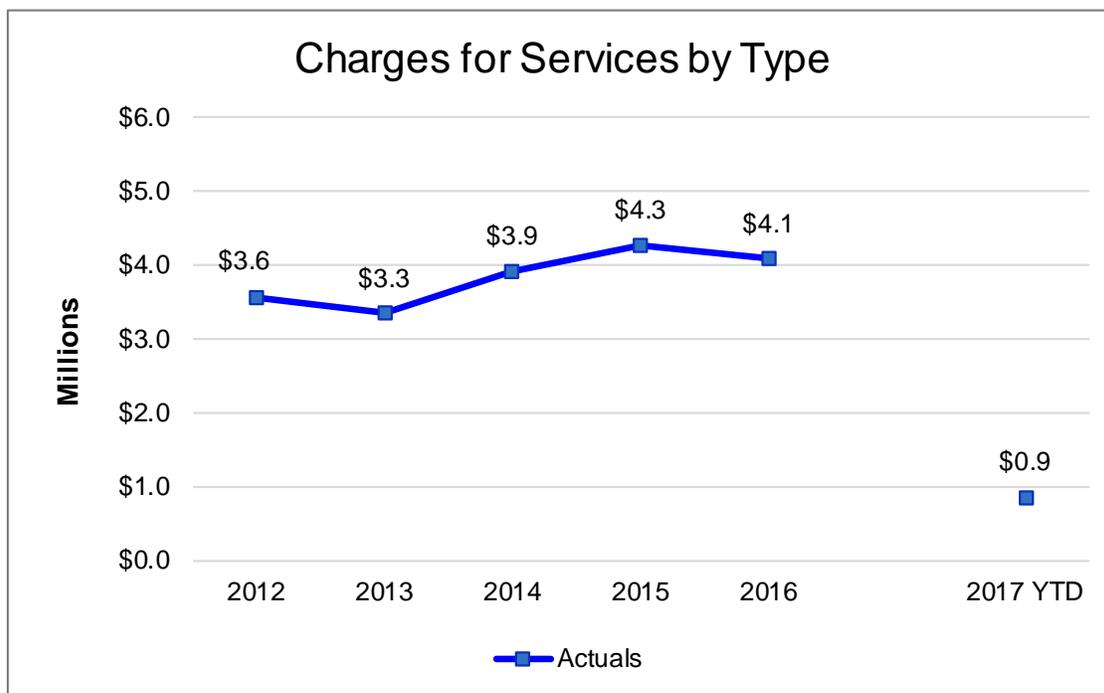

Intergovernmental revenues include grants (direct and indirect Federal, state and local), compact revenue from the Muckleshoot Indian Tribe (MIT), intergovernmental service revenues, and state shared revenues. Collections through Q1-2017 totaled \$1.4 million and were \$23,000, or 1.7% higher than anticipated. Favorable variances in Criminal Justice High Crime revenues offset the reduced revenues received for Motor Vehicle Fuel Tax.

Intergovernmental Revenues (Grants, Entitlements & Services)							
Through March 2017							
Revenue	2016	2017	2017	2017 vs. 2016 Actual		2017 vs. Budget

Charges for Services consist of general governmental service charges, public safety charges, development service fees, and cultural & recreation fees. Overall, charges for services collected through March 2017 totaled \$858,000 compared to budget of \$784,000, representing a favorable variance of \$75,000, or 9.6%.

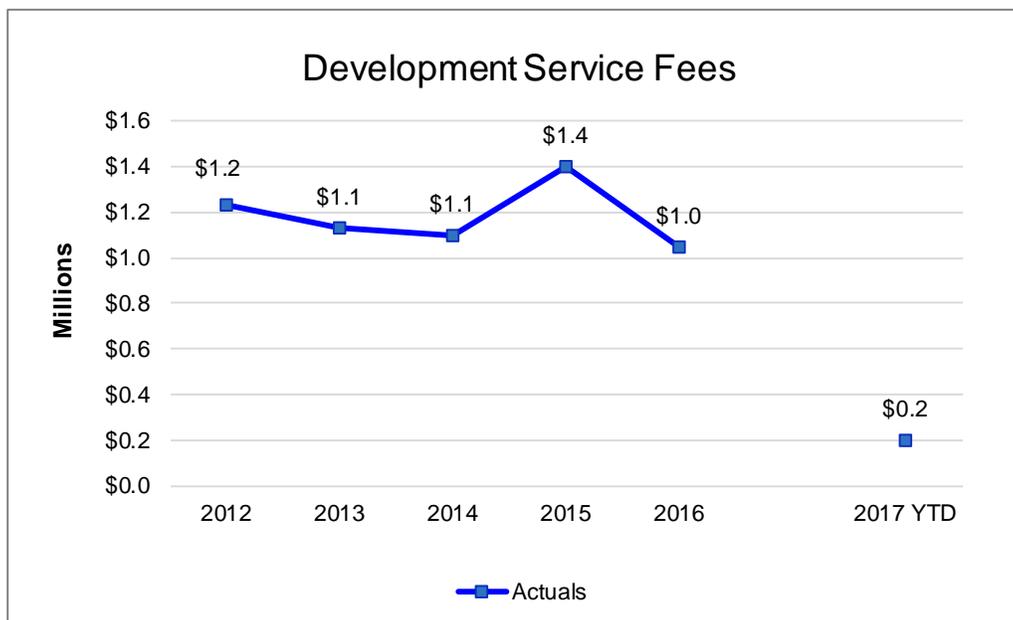

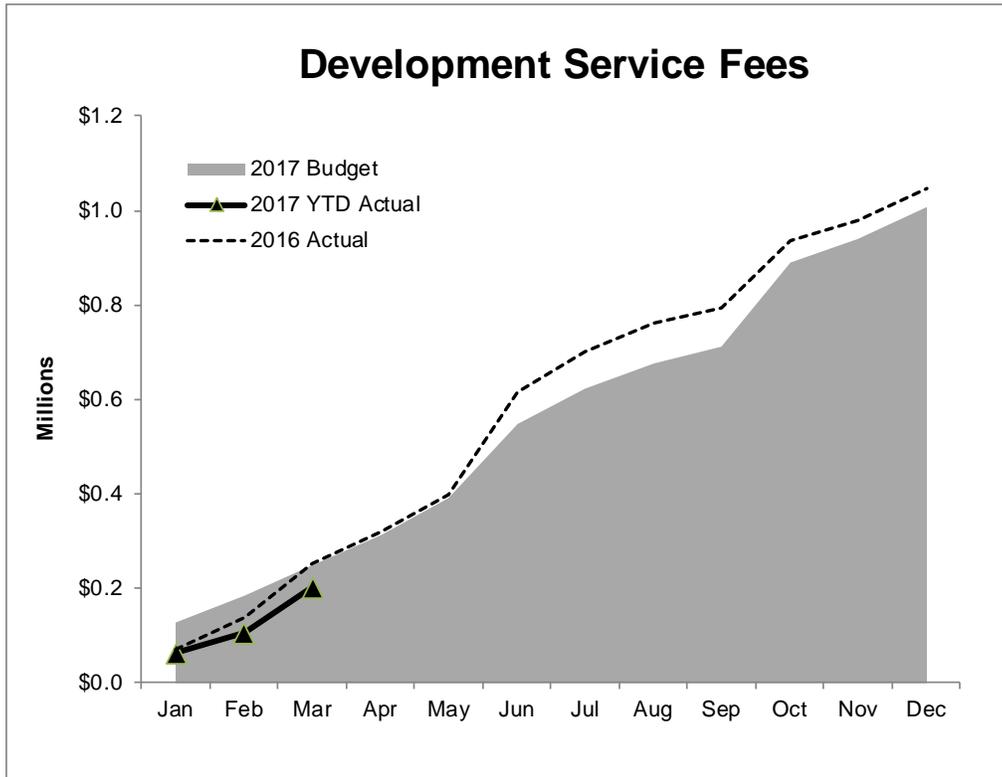

Charges for Services by Type Through March 2017							
Revenue	2016 YTD Actual	2017 YTD Budget	2017 YTD Actual	2017 vs. 2016 Actual		2017 vs. Budget	
				Amount	Percentage	Amount	Percentage

YTD Total	\$ 838,418	\$ 783,525	\$ 858,443	\$ 20,025	2.4 %	\$ 74,918	9.6 %

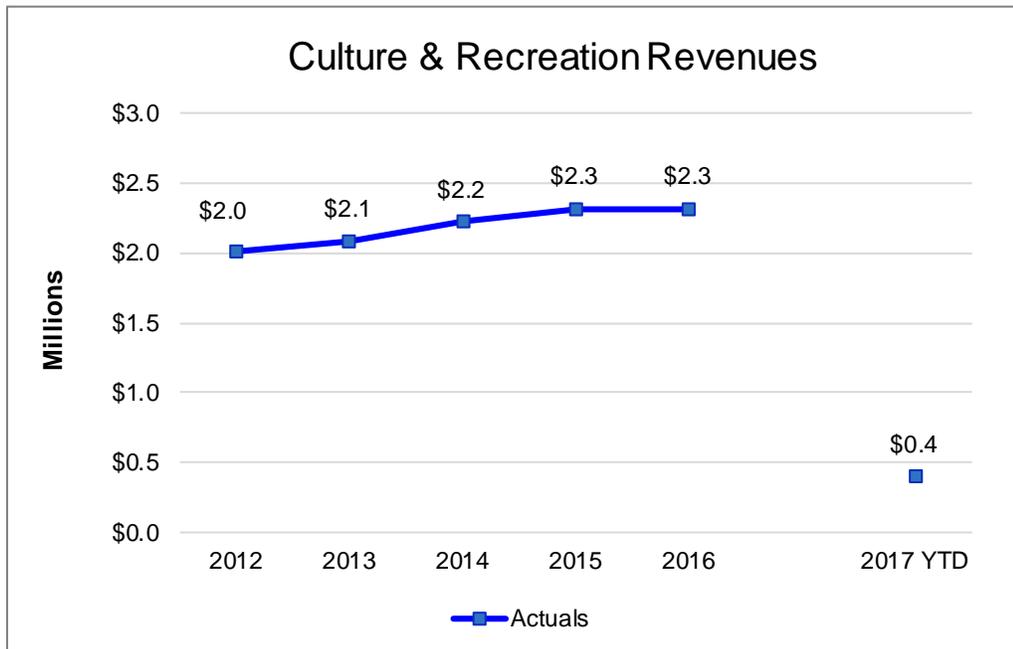

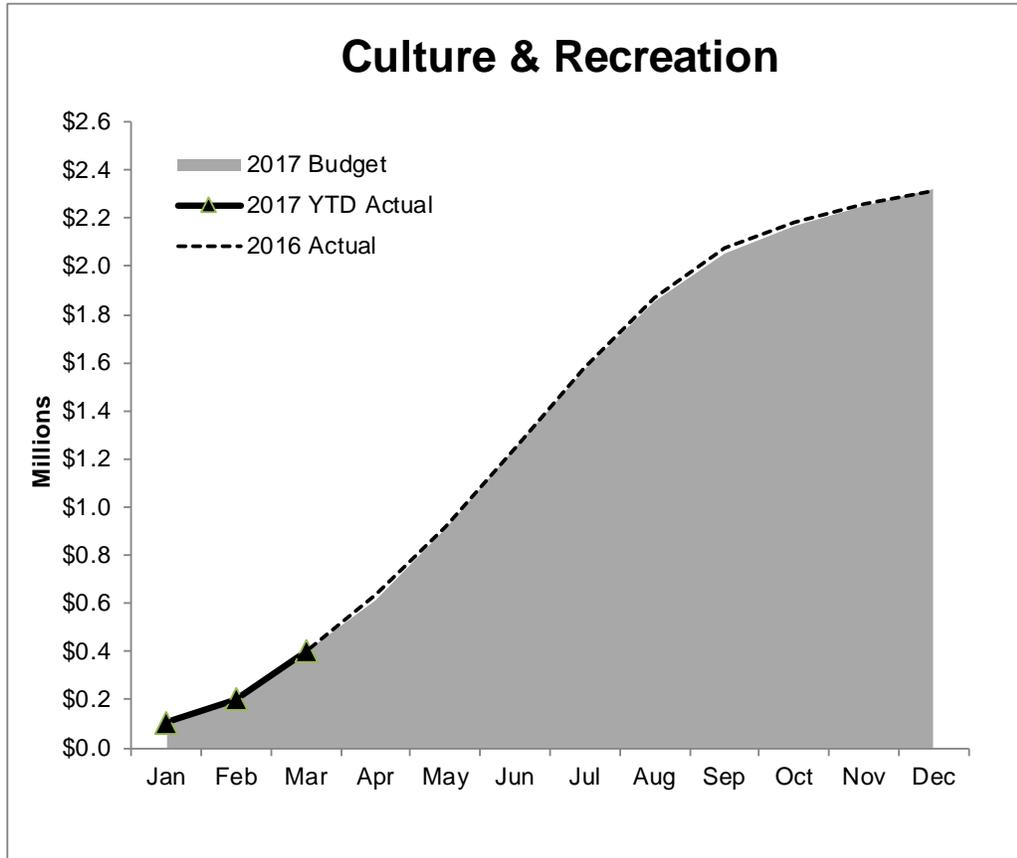

General governmental revenues collected through March 2017 totaled \$21,000, compared to a budget of \$19,300.

Public safety revenues consist of revenues generated for Police Officer extra duty overtime, where officers are contracted for services and reimbursement is made by the hiring contractor. This also includes revenues generated for reimbursement from the Muckleshoot Indian Tribe (MIT) for a full-time dedicated Police Officer and associated expenditures. Public safety revenues collected through Q1-2017 were \$235,000 compared to a budget of \$113,000. Revenues collected through the first quarter of 2017 were \$76,000 higher than what was collected through Q1-2016 predominately due to additional contracted Police extra duty security services (which are reimbursed by the hiring contractor) compared to the same period last year.

Development services fee collections, which primarily consist of plan check fees, totaled \$201,000 and ended the quarter \$49,000, or 19.6%, under budget expectations. The underperformance to budget in this category is primarily due to lower than anticipated revenue from plan check activity. Total plan check revenues collected through Q1-2017 totaled \$128,000 as compared with \$197,000 collected the same period last year. Plan check revenues collected through the first quarter of 2017 were primarily from residential projects, including the Hazel View and Calla Crest housing developments.

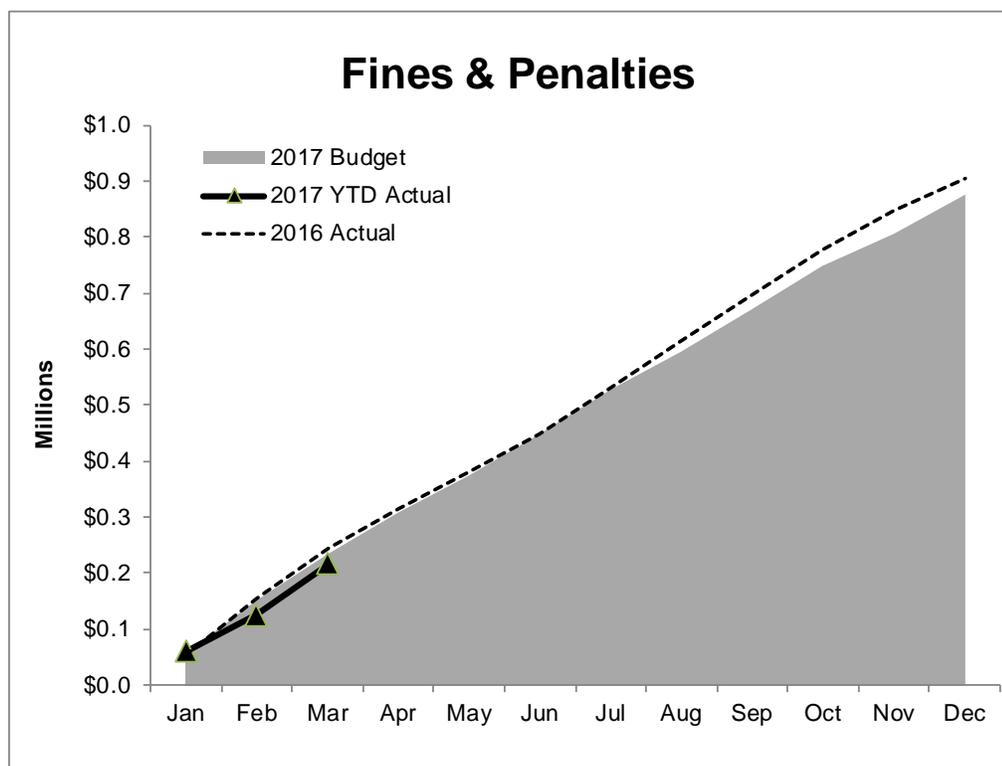

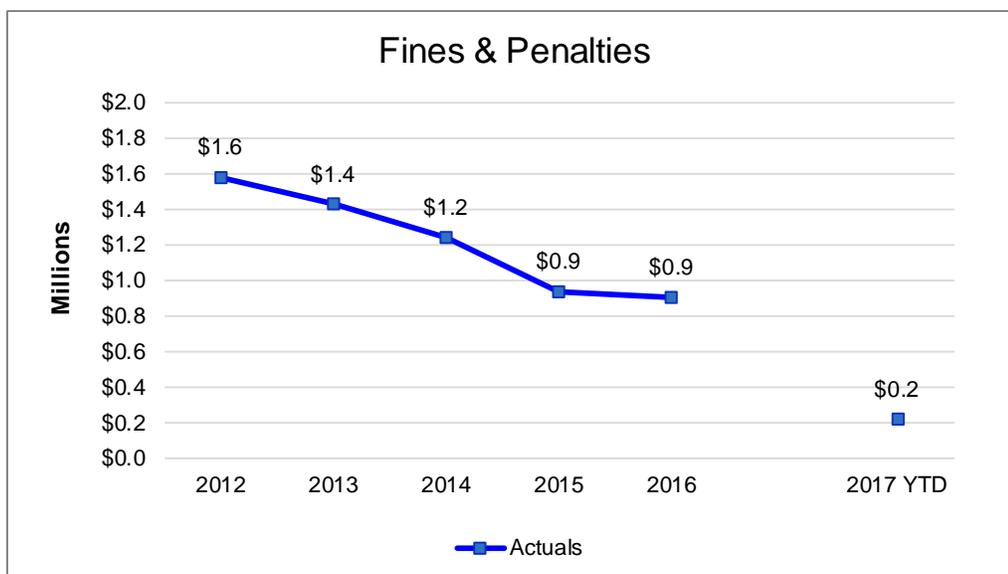

Culture and recreation revenues collected through Q1-2017 totaled \$401,000, and are on target with budget expectations and unchanged from Q1-2016 collections. The majority of these revenues are derived from recreational classes, greens fees at the Auburn Golf Course, and special events.

Fines & Penalties include traffic and parking infraction penalties, criminal fines (including criminal traffic, criminal non traffic and other criminal offenses) as well as non-court fines such as false alarm fines. Total revenues collected through Q1-2017 totaled \$217,000 and were \$19,000 less than budget.

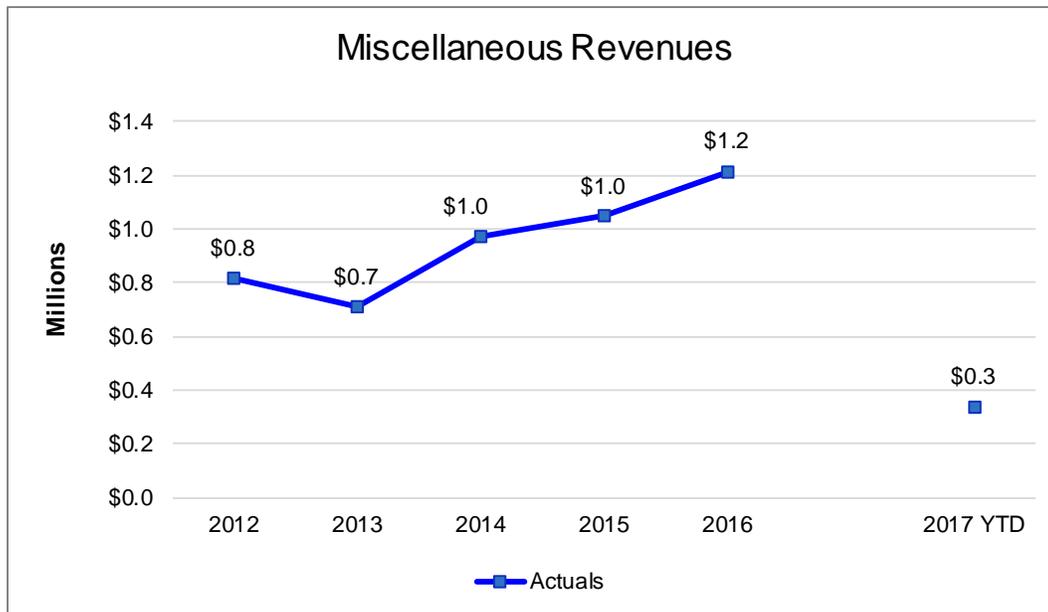

Fines & Penalties by Type Through March 2017							
Month	2016 YTD Actual	2017 YTD Budget	2017 YTD Actual	2017 vs. 2016 Actual		2017 vs. Budget	
				Amount	Percentage	Amount	Percentage

YTD Total	\$ 243,206	\$ 235,800	\$ 217,273	\$ (25,933)	(10.7) %	\$ (18,527)	(7.9) %

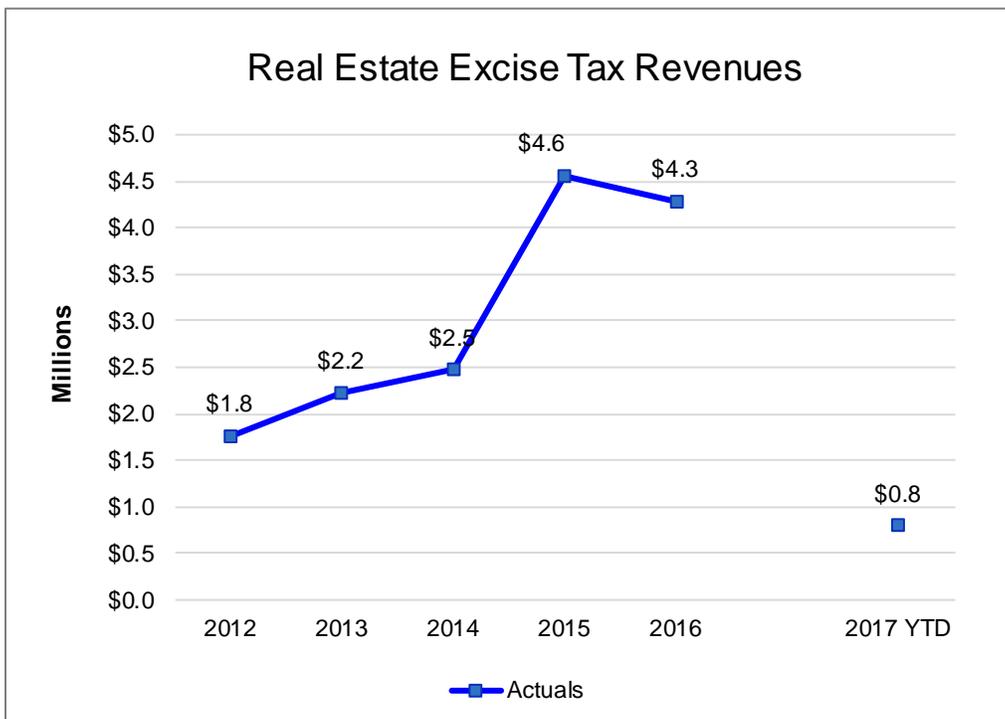

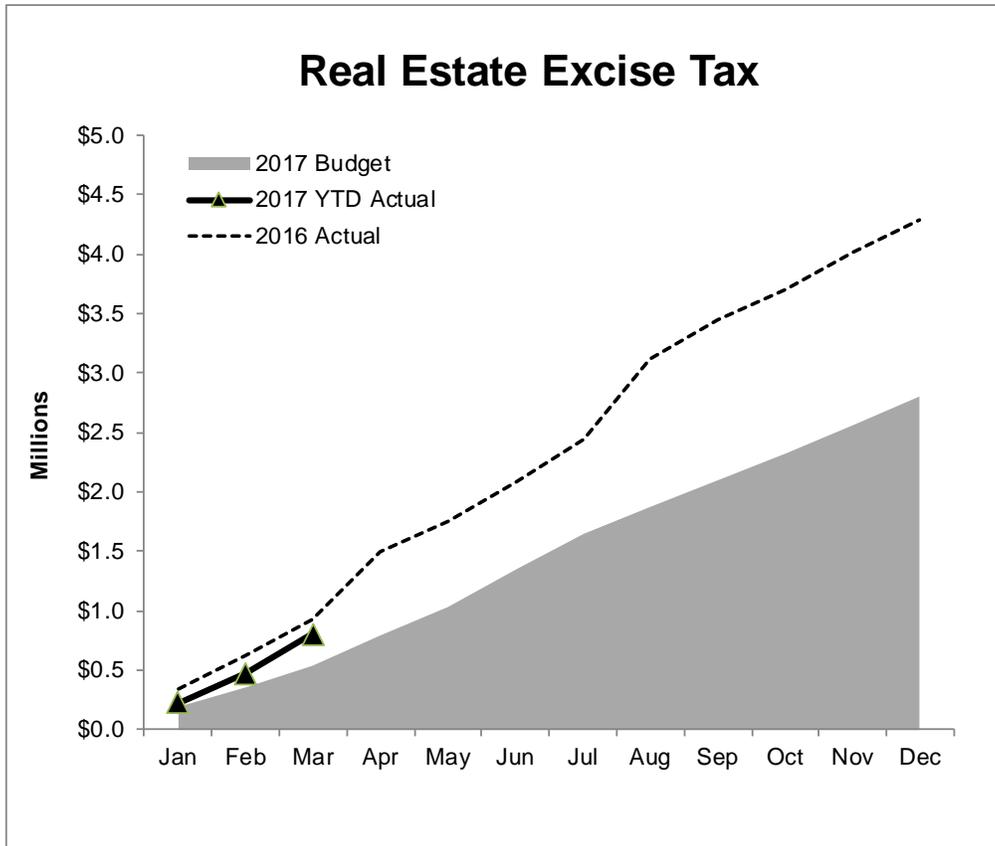

Miscellaneous revenues consist of investment earnings, income from facility rentals, contributions & donations, and other miscellaneous income, which includes the quarterly purchasing card (P-card) rebate monies. Total revenues collected in this category through Q1-2017 totaled \$339,000 and exceeded budget expectations by \$152,000. Rents and leases revenue through March 2017 totaled \$218,000 compared to prior year actuals of \$143,000. The majority of this year-over-year increase was seen in facilities rental revenue, which saw a \$14,000 increase due to the opening of the new Community and Events Center. In addition, parking revenues increased by \$13,000 in Q1-2017 compared to Q1-2016 due to additional inventory of parking spaces and the sale of multiple 12-month parking spaces. Lastly, due to an increase in facility rentals, revenues collected in miscellaneous parks unearned revenue (deposits) in Q1-2017 increased by \$50K as compared to revenues collected in Q1-2016.

Miscellaneous Revenues by Type Through March 2017							
Month	2016 YTD Actual	2017 YTD Budget	2017 YTD Actual	2017 vs. 2016		2017 vs. Budget	
				Amount	Percentage	Amount	Percentage

Real Estate Excise Tax (REET) revenue is receipted into the Capital Improvement Projects Fund and is used for governmental capital projects. REET revenues collected through Q1-2017 totaled \$800,000, and exceeds budget expectations by \$270,000. Real estate sales in the City of Auburn in Q1-2017 represent the sale of both commercial and numerous single family residences. The commercial sales include the sale of an auto dealership, a hotel, and several warehouse buildings.

Pet Licensing

In Q1-2017, 1,123 pet licenses were sold, resulting in \$29,080 in revenue. In Q1-2016, 1,153 licenses were sold, resulting in \$32,560 in revenue.

Street Funds

This section provides financial overview of the City's three street funds for the quarter ending March 31, 2017. The City's three street funds include the Arterial Street Fund (Fund 102), the Local Street Fund (Fund 103), and the Arterial Street Preservation Fund (Fund 105). The capital project expenditures in these funds are budgeted primarily based on the collection/disbursement average for the same period of the prior two years.

Fund 102 – Arterial Street Fund

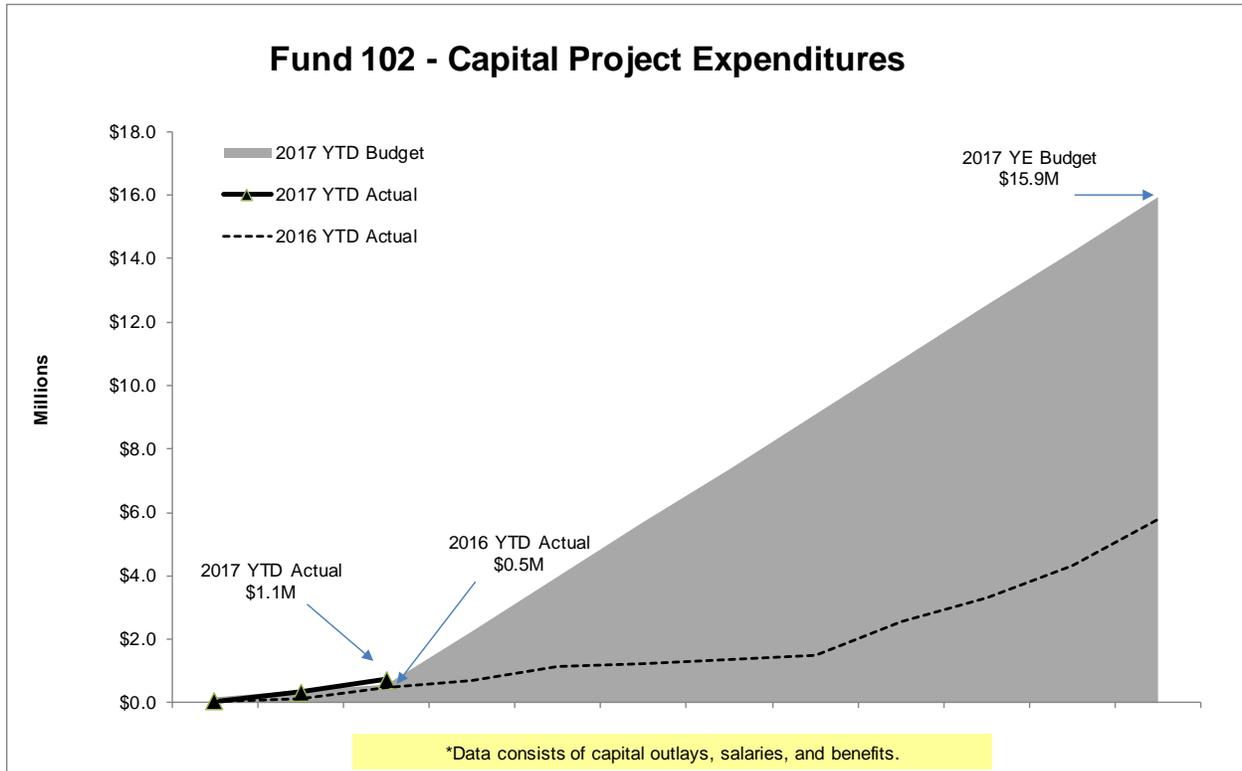

The Arterial Street Fund is a Special Revenue Fund that is funded by transportation grants, traffic impact fees, a portion of the City's gas tax receipts, Public Works Trust Fund loans, developer contributions, and other sources. As of March 31, 2017 there were 16 separate street projects budgeted in this fund for 2017. Budget Amendment No. 1, adopted April 3, 2017, added or increased funding for several major projects in this fund, including the South 272nd / South 277th Street Corridor Improvement Project, the West Main Street Multimodal Corridor and ITS Improvement Project, and the AWS Corridor Safety Improvement Project.

Through March 31, 2017, revenues collected totaled \$153,000 and compare to collections of \$140,000 through Q1-2016. Expenditures through Q1-2017 totaled \$1.2 million and compare to \$516,000 spent the same period last year. The majority of the year-to-date expenditures have occurred in two projects: W. Main Multimodal Corridor and ITS Improvements (\$870,000) and the Traffic Signal Safety Improvements project (\$120,000). These projects were awarded in 2016 and construction is underway, with completion anticipated to occur in Q2-2017.

This table presents the status of the projects with the most significant impacts on this fund:

Fund 102 - Arterial Street			
Capital Projects Status *			
Name	Annual Budget	YTD Actual	Remaining
W. Main St Multimodal Corridor & ITS Imp	\$1.6M	\$0.9M	\$0.7M
Traffic Signal Safety Improvements	\$0.4M	\$0.1M	\$0.3M
AWS Corridor Safety Imp. -- Muckleshoot Pl.	\$3.3M	\$0.03M	\$3.2M
All Other Projects (13 Others Budgeted)	\$10.7M	\$0.1M	\$10.6M
<i>Total</i>	\$15.9M	\$1.1M	\$14.8M

* Budget as of BA#1, adopted April 3, 2017

Notes:

- W. Main St. Multimodal Corridor & ITS Improvements received a \$1.6 million carryforward in BA#1. This project is under construction and awaiting appropriate weather for final pavement construction.
- Traffic Signal Safety Improvements project received a carryforward of \$400,000 in BA#1. This project is under construction and anticipated to be completed by mid-2017.

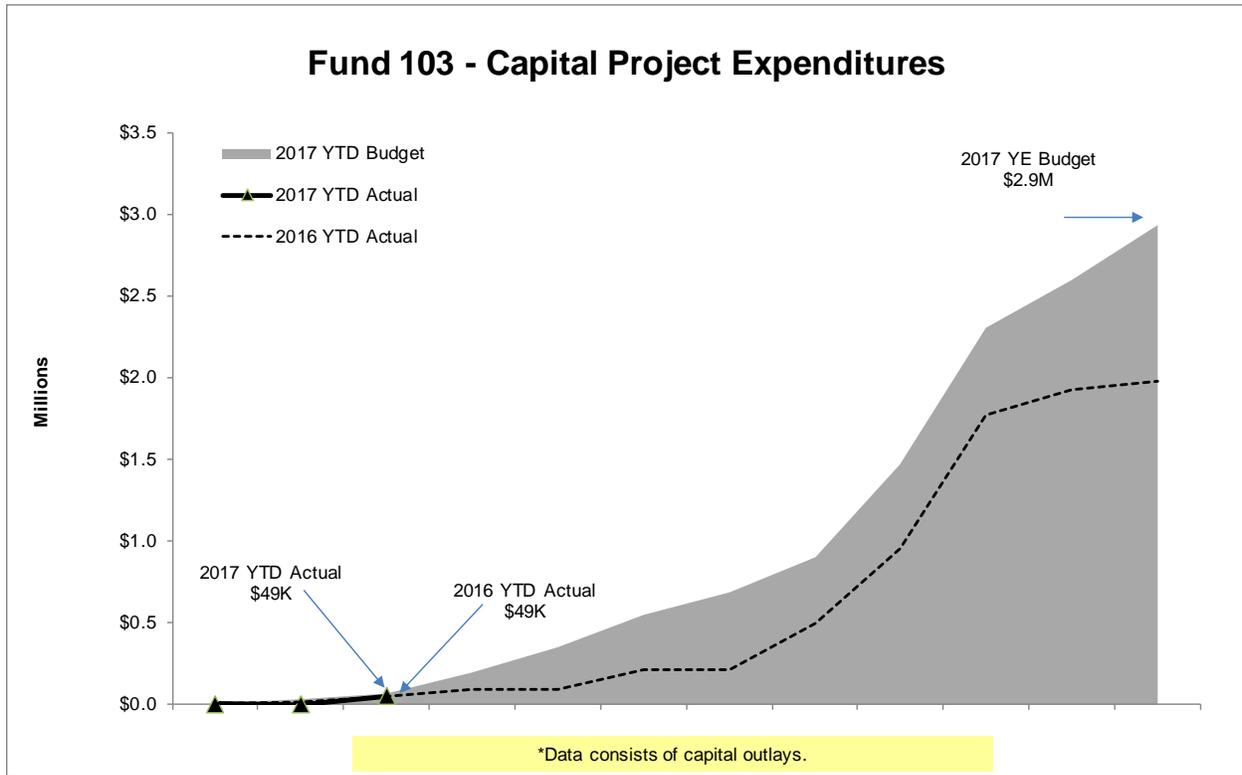

Fund 103 – Local Street Fund

The Local Street Fund is a Special Revenue Fund where the revenue from sales taxes on construction are used for local street preservation. Through Q1-2017 the revenues in this fund exceeded budget expectations by \$233,000, or 42.4%, due to higher than anticipated sales tax revenues from local construction projects. Expenditures through Q1 totaled \$87,000 and compare to a year-to-date budget of \$104,000. Historically, well over half of this fund’s expenditures occur in the final four months of each year due to the weather sensitivity of pavement construction and the need for this work to be done primarily in summer and early fall.

* Budget includes BA #1, approved April 3, 2017

This table presents the status of the projects with the most significant impacts on this fund:

Fund 103 - Local Street			
Capital Projects Status *			
Name	Annual Budget	YTD Actual	Remaining
2016 Local Street Pavement Reconst.	\$0.3M	\$0.05M	\$0.3M
2017 Local St. Reconst. & Preservation	\$2.6M	\$0.0M	\$2.6M
<i>Total</i>	\$2.9M	\$0.05M	\$2.9M

* Budget as of BA#1, adopted April 3, 2017

Notes:

- 2016 Local Street Reconstruction Project received Final Acceptance by the City Council on April 17, 2017 and is now complete.
- 2017 Local Street Reconstruction Project is scheduled for construction in summer/fall of 2017.

Fund 105 – Arterial Street Preservation Fund

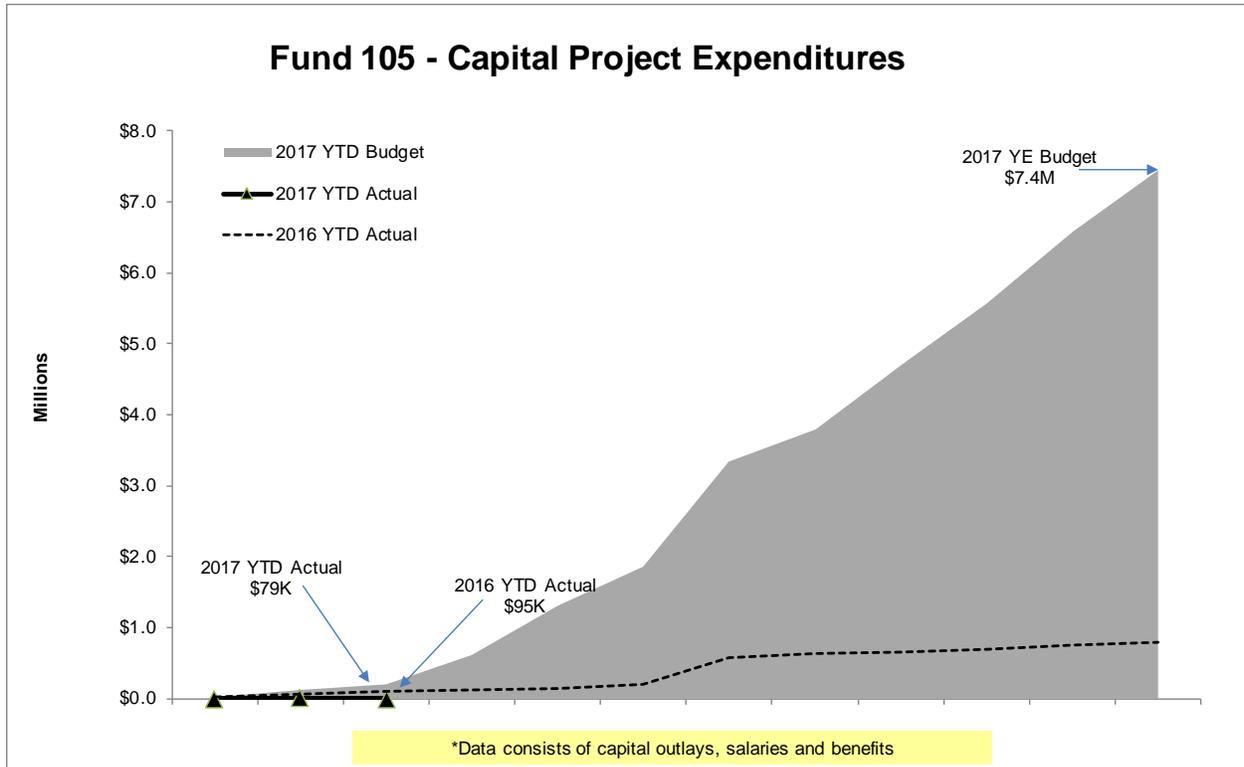

The Arterial Street Preservation Fund is a Special Revenue Fund which is primarily funded by a 1.0% utility tax that was adopted by Council in 2008; these utility tax revenues are restricted for arterial street repair and preservation projects. Some projects budgeted within the Arterial Street Preservation Fund in 2016 include the Auburn Way North Preservation Project and the B Street NW Reconstruction Project. Through Q1-2017 revenues totaled \$503,000 and compare to a year-to-date budget of \$582,000. This difference is mostly due to the timing of budgeted transfers-in, which is generally based on non-reimbursable project costs.

Expenditures through Q1-2017 totaled \$79,000, and compares to expenditures of \$94,000 through Q1-2016. Historically, the majority of this fund’s expenditures occur in the second half of each year due to the weather sensitivity of pavement construction and the need for this work to be done primarily in summer and early fall.

<i>Total</i>	\$7.4M	\$0.1M	\$7.4M

* Budget as of BA#1, adopted April 3, 2017

Notes:

- Auburn Way North Preservation is currently under construction.
- The Lake Tapps Parkway Preservation construction contract was awarded by the City Council on May 15, 2017.
- B Street NW Reconstruction is finalizing design and is scheduled for construction to begin in summer 2017.

Fund 124 – Mitigation Fees

The Mitigation Fees Fund is a Special Revenue Fund funded from revenue from new development, which is assessed at the time applications are received for development activity. These funds are used to mitigate costs associated with City growth. Through Q1-2017, revenues were slightly above budget expectations, at 29.6% of the annual budgeted amount. Expenditures were well below budget due to the timing of construction projects funded by these revenues, which historically occur during the second half of the year when conditions are more favorable.

Enterprise Funds

Detailed income and expense statements for Enterprise and Internal Service funds can be found in the Appendices at the end of this report. The format changed in Q1-2016 and, in lieu of a working capital statement, there are now operating and, as applicable, capital fund reports for these funds showing budget, actuals, and variances. Operating funds house all the operating costs along with debt service and financing obligations. Capital funds show costs associated with capital acquisition and construction. Both the operating and capital funds have a working capital balance. This approach isolates those funds available for capital and cash flow needs for daily operations, and project managers will know exactly how much working capital is available for current and planned projects.

Budget Amendment #6, adopted in July 2016, moved working capital from the operating funds to the capital funds along with all the other beginning fund balance adjustments. System development revenues previously credited to the operating funds are now directed to the corresponding capital funds.

In Q1-2017, the **Water Utility** had operating income before depreciation of \$1,128,000 as compared with \$775,000 for 2016. This increase is largely due to lower expenditures compared to Q1-2016, during which the City purchased regional water from the City of Tacoma while four of the City's six major production wells were being rehabilitated. Currently, four wells and two springs are providing the City's water supply, with the remaining two wells anticipated to return to service in early fall; no regional water purchases are anticipated for 2017, contributing to the lower overall cost and hence higher net income.

Water sales in Q1-2017 totaled 650,000 hundred cubic feet (ccf), compared to 709,000 ccf in 2016, representing a 9.2% decrease due to lower than average water consumption in February. Revenues ended the quarter in line with budget expectations due to the timing delays between water consumption, billing, and receipt of payments.

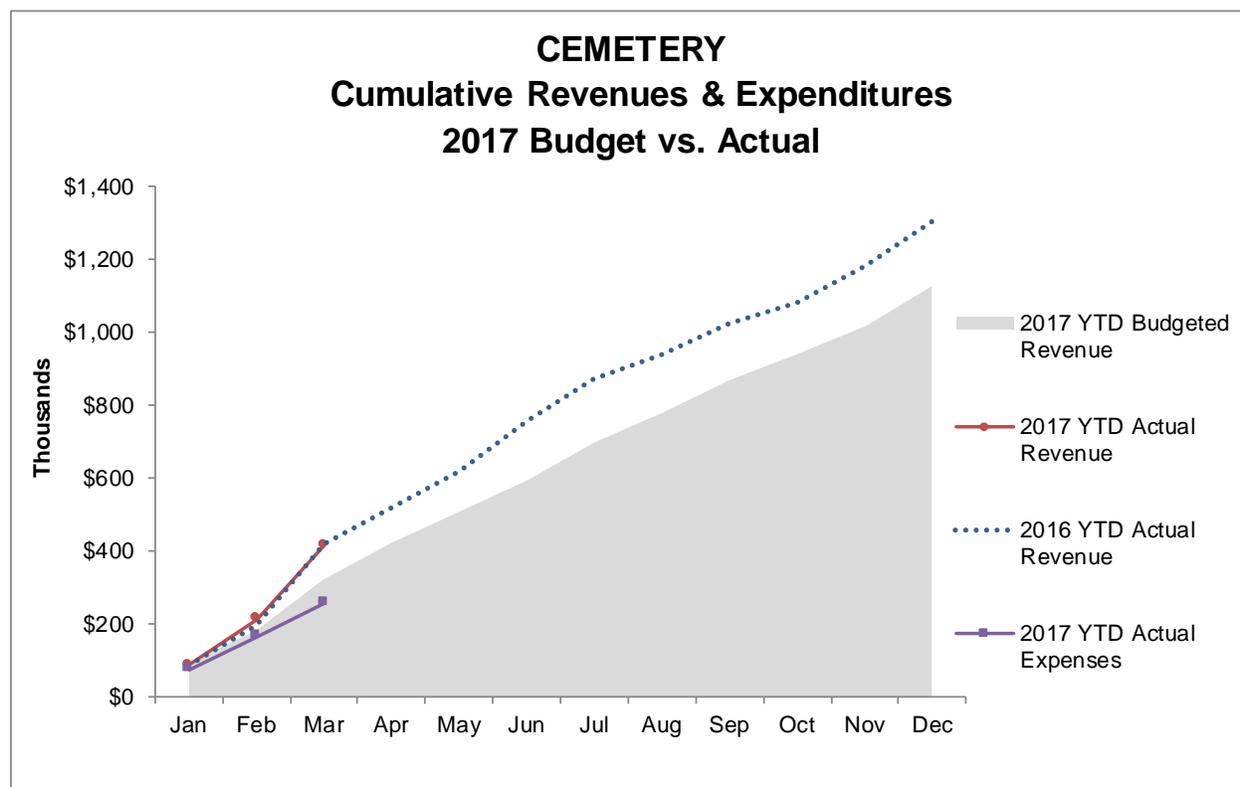

The **Sewer Utility** finished Q1-2017 with operating income before depreciation of \$441,000, compared to \$615,000 in Q1-2016. This variance is due to a budgeted interfund transfer in March of \$100,000 to the Water fund for the utilities field operations center, and the recognition of \$76,000 in system development charge revenue in the Sewer Capital subfund in 2017. These revenues were previously recognized in the Sewer Operations Fund.

The **Sewer-Metro Utility** ended the year with an operating loss of \$185,000, as compared an operating loss of \$40,000 in Q1-2016. These variances are largely due to King County’s internal billing process, by which King County bills the City a flat rate each quarter based on the number of customers and consumption volume averaged over prior quarters. Therefore, Sewer-Metro generally experiences a loss early in the year when revenues trend low, and income later in the year when revenues trend higher. The Sewer-Metro Utility is expected to end the year with operating income, consistent with prior years.

The **Stormwater Utility** ended Q1-2017 with operating income before depreciation of \$663,000, compared with \$715,000 in Q1-2016. This was due to a budgeted interfund transfer of \$100,000 to the Water fund for the utilities field operations center. Less this one-time transfer, the Stormwater utility ended the quarter with operating income of \$760,000, an increase of 6.7%.

The **Cemetery Fund** ended Q1-2017 with an operating income of \$158,000 as compared with an operating income of \$155,000 in 2016. Operating expenditures totaled \$257,000 in Q1-2017, compared to \$264,000 last year.

Internal Service Funds

Operating expenditures within the **Insurance** Fund represent the premium cost pool that will be allocated monthly to other City funds over the course of 2017. As a result, this balance will gradually diminish each month throughout the year.

No significant variances are reported in the **Worker's Compensation, Facilities, Innovation & Technology**, or **Equipment Rental** Funds.
