Executive Summary

This Executive Summary provides an overview of the City's overall financial position for the fiscal period ending March 31, 2018, reflecting financial data available as of April 23, 2018.

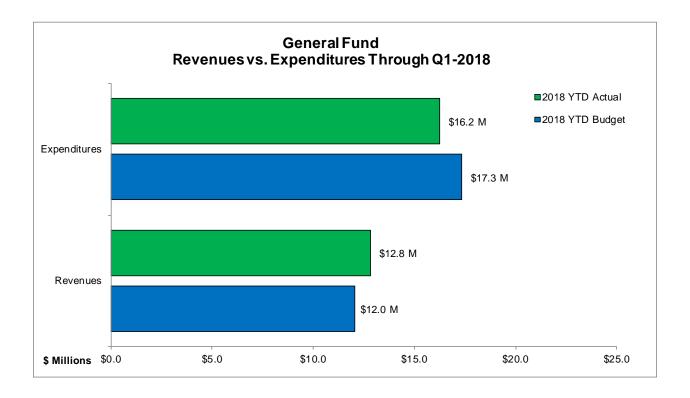

General Fund:

Through March 2018, General Fund revenues totaled \$12.8 million compared to a budget of \$12.0 million, and were \$775,000 higher than revenues collected during Q1-2017. Some notable variances to budget year-to-date include:

- Property tax collections through Q1-2018 totaled \$701,000, which was \$200,000 below budget expectations and \$145,000 less than was collected through Q1-2017. [page 6]
- General Fund retail sales tax revenues totaled \$4.1 million, and exceeded budget by 9.1% or \$337,000, and exceeded Q1-2017 collections by \$299,000. The primary area of significant increase in sales activity compared to Q1-2017 collections was seen in the services category. [pages 7-8]
- The other taxes category performed favorably to budget in Q1-2018. Actual revenues collected through Q1-2018 was \$3.2 million, which was \$77,000, or 2.4% favorable to budget. Electric tax and admission tax revenues collected in Q1-2018 exceeded budget by \$61,000 and \$43,000, respectively. These revenues were somewhat offset by unfavorable variances in brokered natural gas tax revenues and telephone tax revenues in the amount of \$93,000 and \$23,000, respectively. [pages 9-12]
- Building permit revenue collected in Q1-2018 totaled \$269,000, compared to a budget of \$285,000. The number of building permits issued in Q1-2018 was 125, which represents an 18% decline over the number of permits issued in Q1-2017. [page 14]
- Development services revenues collected in Q1-2018 were \$84,000, or 35.4%, unfavorable to budget. This variance was predominately due to plan check revenues not meeting budget expectations. [page 17]

General Fund expenditures through the first quarter of 2018 totaled \$16.2 million compared to a budget of \$17.3 million, representing a 6.3% favorable variance to budget. All departments operated within their budget through Q1-2018.

Year-to-date General Fund expenditures ended the quarter \$1.2 million, or 7.7% higher than expenditures through Q1-2017. Salary and benefit costs increased by \$830,000, or 9.3%, compared to salary and benefit expenditures through Q1-2017. This year-over-year increase was due primarily to an increase in Council approved FTEs (Full Time Equivalents) and increased costs associated with healthcare benefits.

Street Funds:

The City's three street funds are special revenue funds wherein the revenue sources and expenditures are legally restricted. These funds are used for street capital construction projects, local street repair, and arterial street repair and preservation projects. Through the first quarter of 2018, **Arterial Street Fund** revenues totaled \$452,000 as compared to collections of \$153,000 in Q1-2017, while expenditures totaled \$770,000 as compared to expenditures of \$1.2 million spent during the same period last year. **[pages 24–25]**

Local Street Fund revenues of \$786,000 exceed year-to-date budget expectations by \$236,000 or 42.9%, due to higher than anticipated sales tax revenues from local construction projects; last year's collections through the first quarter totaled \$783,000. Expenditures were \$116,000 as compared with \$87,000 in Q1-2017. **[pages 26–27]**

Lastly, the **Arterial Street Preservation Fund** revenues totaled \$527,000 in Q1-2018 as compared to \$504,000 in Q1-2017, while expenditures totaled \$166,000 versus \$79,000 in Q1-2017. Historically, the majority of expenditures in all three street funds occur during the second half of the year when weather conditions are optimal for pavement construction. **[pages 28–29]**

Enterprise Funds:

The City's enterprise funds account for operations with revenues primarily provided from user fees, charges or contracts for services.

Through March 31, 2018 the **Water Fund** experienced operating income before depreciation of \$1.2 million compared to \$1.1 million during the same period last year. The **Sewer Fund** ended the first quarter of 2018 with operating income before depreciation of \$557,000 versus \$441,000 in Q1-2017. The **Stormwater Fund** ended the quarter with operating income before depreciation of \$773,000 compared to \$663,000 in Q1-2017. The **Solid Waste Fund** ended the quarter with operating income of \$1,250,000, compared to \$1,259,000 for the same period in 2017. **[pages 32–34]**

Internal Service Funds:

Internal service funds provide services to other City departments and include functions such as Insurance, Worker's Compensation, Facilities, Innovation and Technology, and Equipment Rental. All funds had sufficient revenues to cover year-end expenditures. [page 35]

Investment Portfolio:

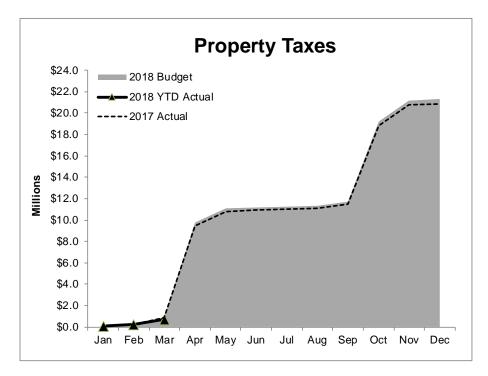

The City's total cash and investments at the end of the first quarter 2018 totaled \$132.4 million, and compares to \$133.8 million at the end of the 2017. **[attachment]**

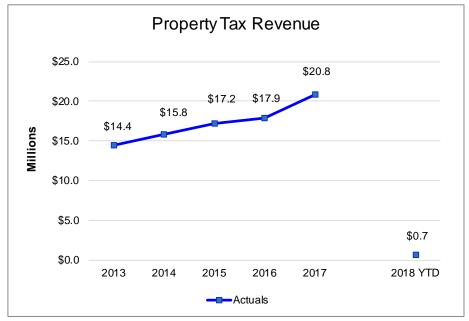

General Fund

Revenues

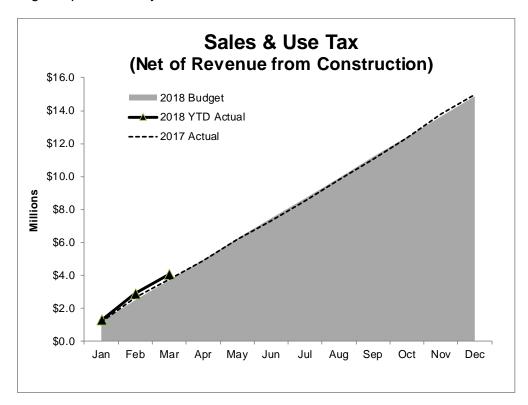

The combined total of property, sales/use, utility, gambling, and admissions taxes provides approximately 80% of all resources supporting general governmental activities. The following section provides additional information on these sources.

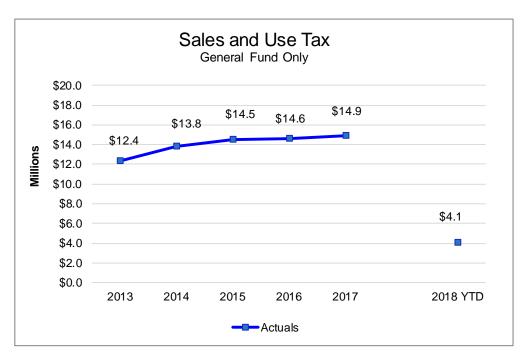

Property Tax collections through Q1-2018 totaled \$701,000 and were \$200,000 below budget expectations. However, the majority of property taxes are collected during the months of April and October, coinciding with the due dates for the County property tax billings. Therefore, it is too early to predict whether 2018 property tax collections will be above or below budget.

Sales tax collections through Q1-2018 totaled \$4.7 million, of which \$4.1 million was distributed to the General Fund and \$600,000 was distributed to the Local Street Fund (SOS) program as per financial policy. Total sales tax revenue distributions to the General Fund through Q1-2018 exceeded budget expectations by \$337,000, or 9.1%.

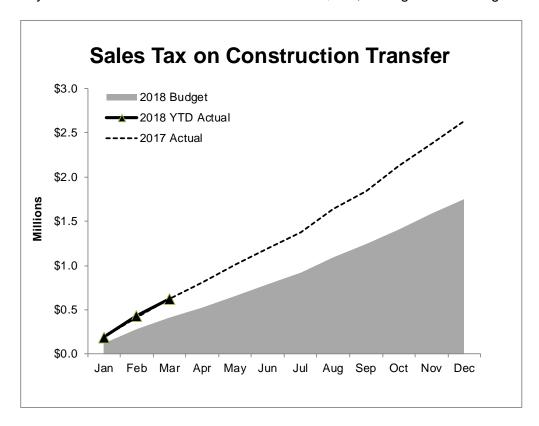

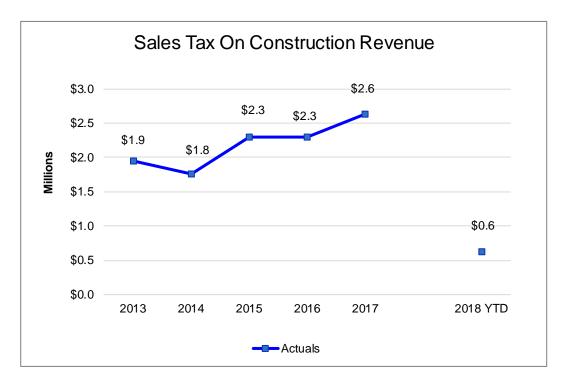

The following table breaks out the City's base sales taxes, excluding Pierce County Parks Sales Tax, Criminal Justice Sales Tax, and Annexation Credit Sales Tax, by major business sector.

Comparison	Comparison of Sales Tax Collections by SIC Group										
Through March											
		2017		2018		Change fr	om 2017				
Component Group		Actual		Actual		Amount	Percentage				
Construction	\$	628,536	\$	623,421	\$	(5,115)	(0.8) %				
Manufacturing		206,450		169,053		(37,397)	(18.1) %				
Transportation & Warehousing		29,549		19,879		(9,670)	(32.7) %				
Wholesale Trade		311,473		399,133		87,660	28.1 %				
Automotive		937,591		1,009,073		71,483	7.6 %				
Retail Trade		1,342,361		1,396,352		53,990	4.0 %				
Services		906,349		1,043,983		137,634	15.2 %				
Miscellaneous		27,212		22,820		(4,392)	(16.1) %				
YTD Total	\$	4,389,521	\$	4,683,713	\$	294,192	6.7 %				

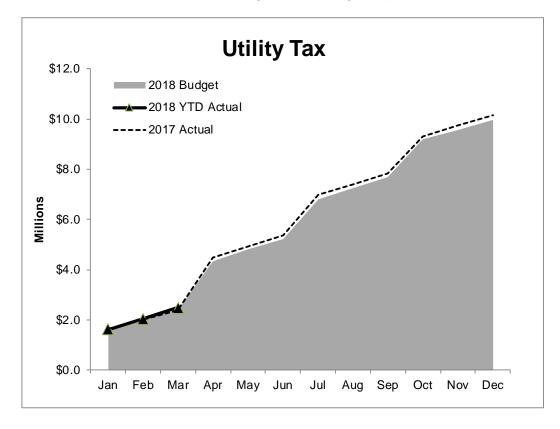

Total sales tax revenue collected in Q1-2018 exceeded prior year collections by \$294,000, or 6.7%. The business sectors showing the largest increase in revenues compared to last year were the services and wholesale trade industries.

Sales tax revenue on construction is transferred to the Local Street Fund (Fund 103) for local street repair and maintenance. Through the first quarter of 2018, this totaled \$623,000, which was essentially the same as collections in Q1-2017 and is \$214,000 higher than budget.

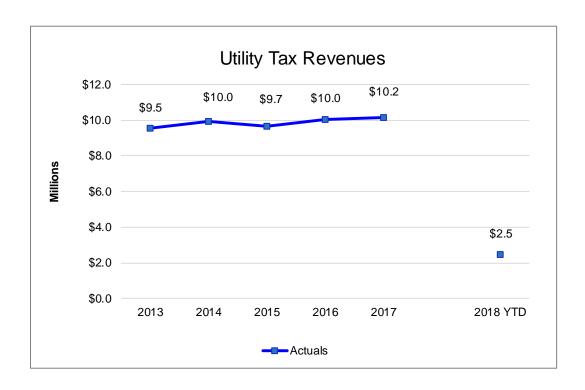

Utility Taxes consist of interfund taxes on City utilities (Water, Sewer, Storm and Solid Waste) and taxes on external utilities (Electric, Natural Gas, Telephone and Solid Waste). Utility taxes collected in Q1-2018 were \$96,000, or 4.0%, higher than budget expectations.

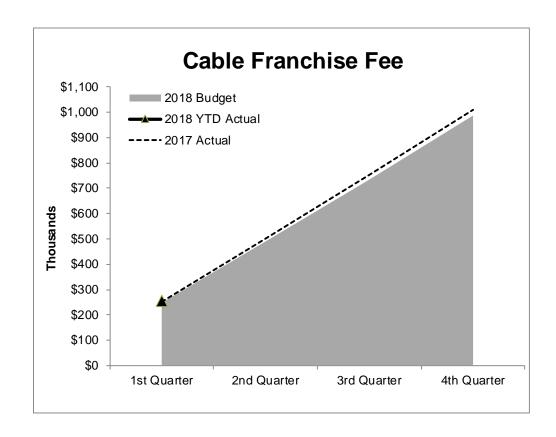

Favorable variances in electric and natural gas revenues offset lower collections in telephone utility taxes.

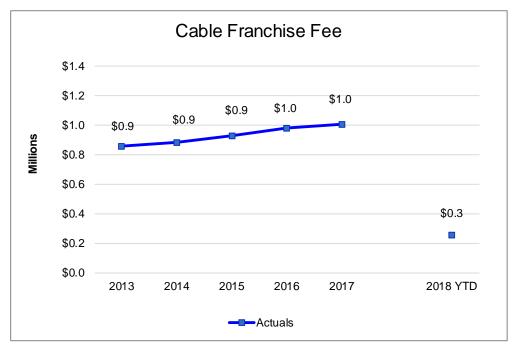

Through Q1-2018

Utility Tax by Type Through March 2018											
	2017	2018	2018	2018 vs. 20	017 Actual	2018 vs.	Budget				
Utility Tax Type	YTD Actual	YTD Budget	YTD Actual	Amount	Percentage	Amount	Percentage				
City Interfund Utility Taxes	\$ 889,876	\$ 892,300	\$ 889,631	\$ (245)	(0.0) %	\$ (2,669)	(0.3) %				
Electric	878,558	875,600	936,682	58,125		61,082					
Natural Gas	227,755	242,100	270,367	42,612	18.7 %	28,267	11.7 %				
Telephone	362,726	376,200	352,969	(9,757)	(2.7) %	(23,231)	(6.2) %				
Solid Waste (external)	31,394	0	32,961	1,567	5.0 %	32,961	N/A %				
YTD Total	\$ 2,390,309	\$ 2,386,200	\$ 2,482,611	\$ 92,302	3.9 %	\$ 96,411	4.0 %				

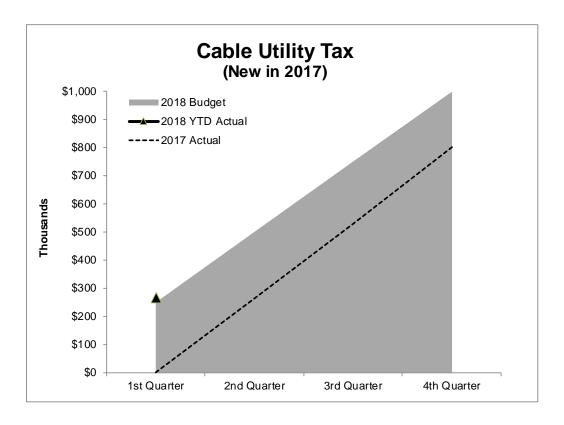

Cable Franchise Fees, which are collected quarterly, totaled \$254,000 and exceeded budget by \$6,000, or 2.5%.

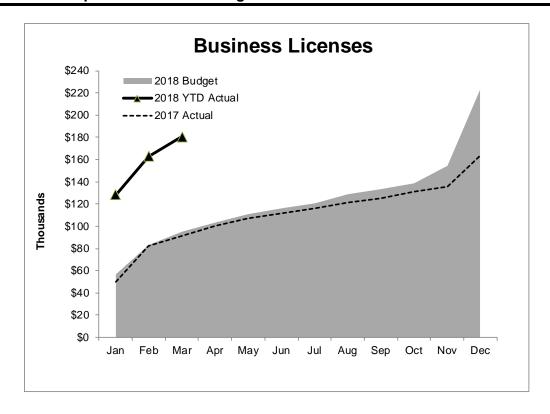

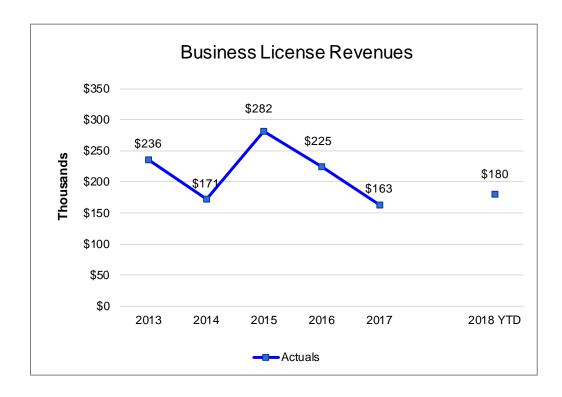

Cable Utility Tax (New in 2017). In September 2016, City Council increased the Cable Utility Tax from 1.0% to 6.0%, with the entirety of the new tax amount benefitting the General Fund. This tax became effective on January 1, 2017 and is collected quarterly. The collections in Q1-2018 totaled \$267,000 and was favorable to budget by \$17,000, or 6.6%.

Licenses and Permits include business licenses, building permits, plumbing, electric and other licenses and permit fees. Building permit fees and business licenses make up about 70% of the annual budgeted revenue in this category.

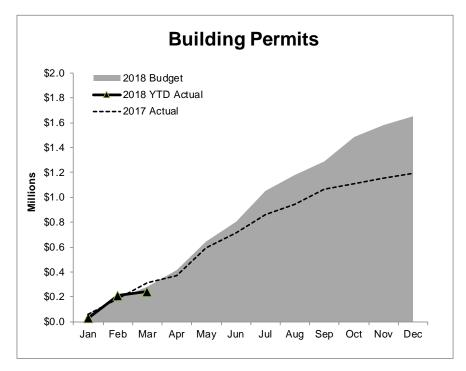

Business license revenues collected through March 2018 totaled \$180,000, reflecting the fact that a large percentage of business owners have already paid their 2018 annual business license fees in Q1 2018. In contrast, only 56% of total 2017 business license fees were paid in Q1 2017.

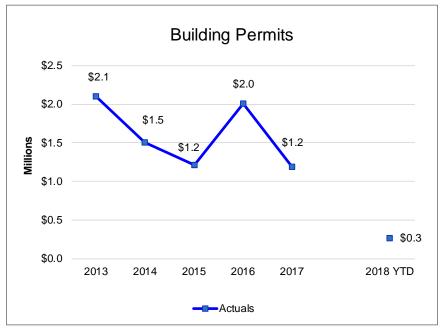

Building permit revenues collected through March 2018 totaled \$269,000, and compare to a year-to-date budget of \$285,000. A total of 125 building permits were issued through Q1-2018 compared to 153 building permits issued through Q1-2017. Of the building permit revenues collected in Q1-2018, 78% was attributable to commercial projects and the remaining 22% was predominately single family housing permits.

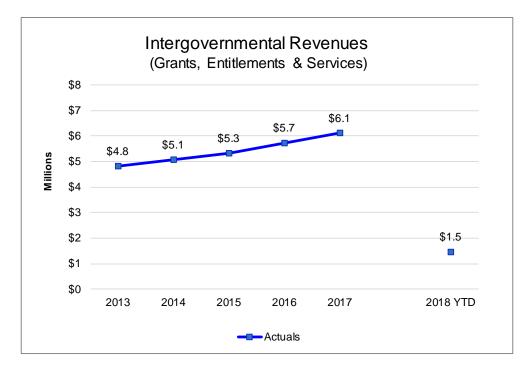

Major projects contributing to building permit revenues in the first quarter of 2018 include the Hudson Distribution Center and projects at Boeing.

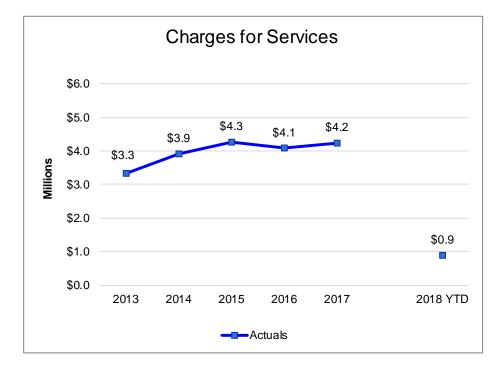

Intergovernmental revenues include grants (direct and indirect federal, state and local), compact revenue from the Muckleshoot Indian Tribe (MIT), intergovernmental service revenues, and state shared revenues. Collections through Q1-2018 totaled \$1.5 million and were \$96,000, or 7.0%, favorable to budget. The majority of the amount above budget was increased distributions from the state for marijuana excise taxes. The Q1-2018 distribution for this line item included make-up monies from the September and December 2017 distributions. Also, the 2018 distribution is based upon a higher distribution base compared to 2017.

Charges for Services consist of general governmental service charges, public safety charges, development service fees, and cultural & recreation fees. Overall, charges for services collected through March 2018 totaled \$884,000, which was \$25,000 higher than revenues collected through Q1-2017 and \$68,000 favorable to budget.

General governmental charges for service collected through Q1-2018 totaled \$22,000 and were \$3,000 favorable to budget.

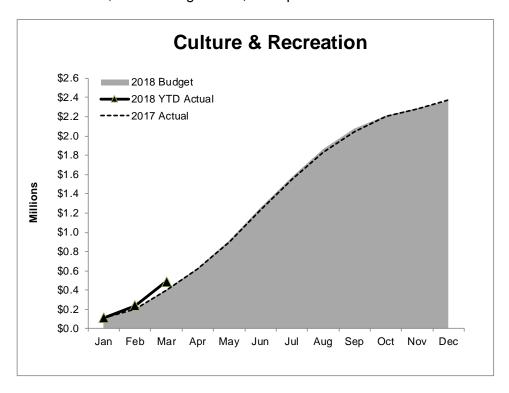

Public safety revenues consist of revenues received for police officer extra duty security services – where officers are contracted for and reimbursement is made by the hiring contractor – as well as reimbursements from the Muckleshoot Indian Tribe (MIT) for a full-time dedicated police officer and associated expenditures. These revenues also include monies collected from the Auburn School District and the Criminal Justice Training Commission (CJTC) for services rendered. Public safety revenues collected through Q1-2018 totaled \$219,000 and compare to a budget of \$155,000. The majority of the favorability seen in this revenue source is due to extra duty overtime reimbursements exceeding budget expectations – predominately due to increased requests for police officer security services.

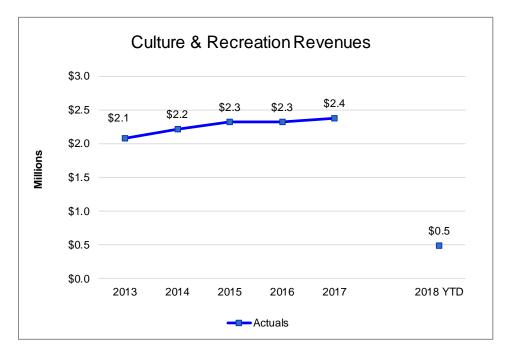

Development services fee collections, which primarily consist of plan check fees, totaled \$153,000 and ended the quarter \$84,000, or 35.4%, under budget expectations. Total plan check fees through the first quarter totaled \$112,000, compared to a budget of \$202,000. Plan check revenues collected through Q1-2018 include both commercial and residential projects, including projects at Boeing, Wyndham Hotel, Multicare, and Green River College. Of the \$112,000 in plan check revenues collected through Q1-2018, 71% was attributable to commercial projects in the City and the remaining 29% was predominately single family housing projects.

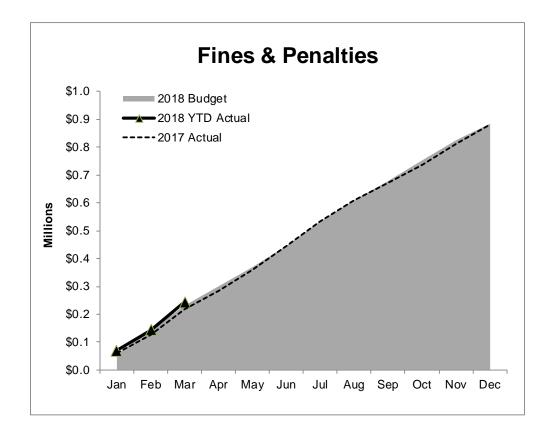

Culture and recreation revenues collected through Q1-2018 totaled \$490,000, exceeding collections in the same period last year by \$85,000 and exceeding Q1 2018 budget expectations by \$88,000. The majority of the year-over-year increase in revenues was seen in recreational class revenues and green fees at the Auburn Golf Course. The majority of culture and recreation revenues are derived from greens fees and pro shop sales at the Auburn Golf Course, recreational classes, athletic league fees, and special events.

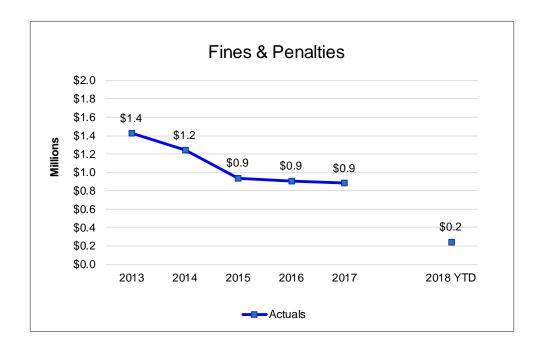

Fines & Penalties include traffic and parking infraction penalties, criminal fines (including criminal traffic, criminal non-traffic and other criminal offenses) as well as non-court fines such as false alarm fines. Total revenues collected through Q1-2018 totaled \$244,000 compared to a budget of \$230,000.

Miscellaneous revenues consist of investment earnings, income from facility rentals, contributions & donations, and other income including the quarterly purchasing card (P-card) rebate monies. Revenues collected in this category through Q1-2018 totaled \$420,000 and exceeded budget expectations by \$183,000. The majority of the increase in revenues was seen in the rents and leases category.

Miscellaneous Revenues by Type Through March 2018												
	2017		2018	2018		2018 v	s. 2017	2018 vs.	. Budget			
Month	YTD Actua	al	YTD Budget	YTD Actua		Amount	Percentage	Amount	Percentage			
Interest & Investments	\$ 35,9	29	\$ 11,100	\$ 74,666	3	\$ 38,737	107.8 %	\$ 63,566	572.7 %

Other Miscellaneous Revenue	76,5	49	62,200	70,62	4	(5,926)	(7.7) %	8,424	13.5 %			
YTD Total	\$ 338,5	35	\$ 237,400	\$ 420,448	3	\$ 81,913	24.2 %	\$ 183,048	77.1 %			

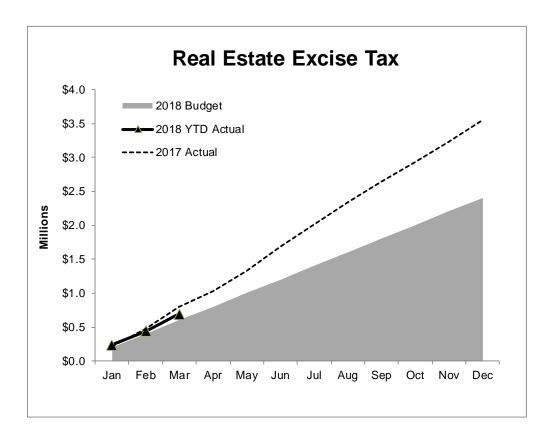

Interest and investments revenues collected through Q1-2018 exceeded budget expectations by \$64,000. This is a direct reflection of the increase in the State Investment Pool interest rate.

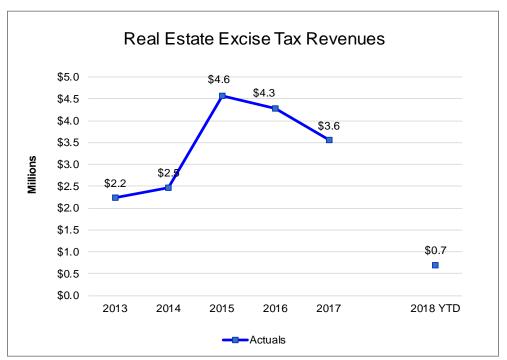

Lastly, other miscellaneous revenues exceeded budget expectations by \$8,000 mainly due to unbudgeted assessment for code compliance property abatements.

Real Estate Excise Tax (REET) revenue is receipted into the Capital Improvement Projects Fund and is used for governmental capital projects. REET revenues collected through Q1-2018 totaled \$696,000 and exceeded budget expectations by \$94,000, or 15.6%, although this was \$103,000 less than what was collected during the same period last year. Real estate sales include the sale of both commercial properties and single family residences. Commercial sales through Q1-2018 included the sale of several multi-family properties, retail, industrial and warehouse properties.

Pet Licensing

In the first quarter of 2018, 662 pet licenses were sold, resulting in \$17,570 in revenue. In the first quarter of 2017, 1,123 licenses were sold, resulting in \$29,080 in revenue. These reductions are due in part to lower sales and in part to the transition from PetData to AVHS (PetData stopped providing services earlier than expected). The variance is expected to be offset by increases in license sales in Q2-2018.

Street Funds

This section provides a financial overview of the City's three street funds for the quarter ending March 31, 2018. The City's three street funds include the Arterial Street Fund (Fund 102), the Local Street Fund (Fund 103), and the Arterial Street Preservation Fund (Fund 105).

Through Q1-2018

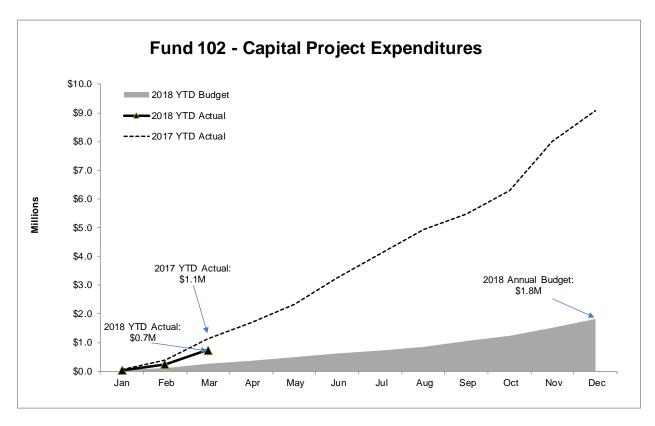

Fund 102 – Arterial Street Fund

The Arterial Street Fund is a special revenue fund that is funded by transportation grants, traffic impact fees, a portion of the City's gas tax receipts, Public Works Trust Fund loans, developer contributions, and other sources. As of March 31, 2018 there were 24 separate street projects budgeted in this fund.

Through March, revenues collected totaled \$452,000 as compared with collections of \$153,000 through Q1-2017. Total expenditures in Q1-2018 were \$770,000 and compare to \$1.2 million expended in Q1-2017. Variances in revenues and expenditures are largely due to the timing of capital expenditures and any subsequent reimbursement via federal grants, as well as the current phase of individual projects.

^{*}Components may not sum to total due to rounding.

Notes:

 Budgeted amounts and prioritized projects are expected to change significantly in Q2-2018, after carryforwards have been approved.

Fund 103 - Local Street Fund

The Local Street Fund is a special revenue fund where the revenues from sales taxes on construction are used for local street repair. Through March 31, 2018 revenues in this fund totaled \$786,000, exceeding year-to-date budget expectations by \$236,000 due to higher than anticipated sales tax revenues from local construction projects. This is consistent with collections of \$783,000 through Q1-2017. Total expenditures in Q1-2018 were \$116,000 and compare to expenditures of \$87,000 during Q1-2017. Historically, well over half of this fund's annual expenditures occur in the final four months of each year due to the weather sensitivity of pavement construction (this work needs to be done primarily in the summer and early fall). Highlighted in the table below and shown in the following graph are the fund's total expenditures related to capital projects.

This table presents the status of the projects with the most significant budget impact on the fund:

Fund 103 - Local Street										
Capital Projects Status*										
Name	Annual Budget	YTD Actual	Remaining							
2018 Local Street Pavement Reconstruction	\$2.4M	\$0.0M	\$2.4M							
2017 Local St. Reconst. & Preservation	\$0.0M	\$0.1M	-\$0.1M							
Total	\$2.4M	\$0.1M	\$2.3M							

^{*}Components may not sum to total due to rounding.

Notes:

• The 2017 Local Street Reconstruction Project began construction in 2017 and has continued into 2018 due to weather limitations in 2017. The carry-forward for this project was approved in 2018 BA#4.

Fund 105 – Arterial Street Preservation Fund

The Arterial Street Preservation Fund is a special revenue fund which is primarily funded by a 1.0% utility tax that was adopted by Council in 2008; these utility tax revenues are restricted for arterial street repair and preservation projects. Major projects budgeted within the Arterial Street Preservation Fund in 2018 include 15th Street NE/NW Preservation, South 277th Street Preservation, and Citywide Pavement Patching and Overlay. During Q1-2018, revenues totaled \$527,000 and compare to collections of \$504,000 in Q1-2017.

Total expenditures during Q1-2018 were \$166,000, which compares to expenditures of \$79,000 in Q1-2017. Historically, the majority of this fund's expenditures occur in the second half of each year due to the weather sensitivity of pavement construction (this work needs to be done primarily in the summer and early fall). Highlighted in the table below and shown in the following graph are the fund's total expenditures related to capital projects.

^{*}Components may not sum to total due to rounding.

Notes:

 Construction on the 15th Street NE/NW Preservation project was delayed from 2017 to 2018 due to the Puget Sound Regional Council's (PSRC's) modification of the Grant's obligation year to FY 2018. This revision was part of a region-wide effort to address federal grant funding restrictions for FY 2017, 2018, 2019 and 2020, and means that funds could not be expended until 2018.

Fund 124 – Mitigation Fees

The Mitigation Fees Fund is a special revenue fund funded from revenues from new development, which are assessed at the time applications are received for development activity. These funds are used to mitigate costs associated with City growth. In Q1-2018, revenues were below budget expectations, at 5.9% of the annual budgeted amount versus an expectation of about 20%. This variance is largely due to a decrease in single-family housing development, which is the source of parks impact fees and a significant source of transportation impact fees. In addition, many of the projects contributing to other impact fee revenues in Q1-2018 were residential, which generally generate less revenue for the City than commercial projects. Expenditures were slightly below budget due to the timing of capital projects funded by these revenues.

Through Q1-2018

Enterprise Funds

Detailed income and expense statements for Enterprise and Internal Service funds can be found in the appendices at the end of this report. The appendices provide operating and, as applicable, capital fund reports for these funds showing budget, actuals, and variances. Operating funds house all the operating costs along with debt service and financing obligations. Capital funds show costs associated with capital acquisition and construction. Both the operating and capital funds have a working capital balance. This approach isolates those funds available for capital and cash flow needs for daily operations, and project managers will know exactly how much working capital is available for current and planned projects.

Through March 31, 2018 the **Water Utility** had operating income before depreciation of \$1.2 million as compared with \$1.1 million over the same period last year. Revenues are on track with budget expectations, and are expected to increase during the second half of the year due to increased water sales during the summer months.

Water sales by volume during Q1-2018 totaled 619,000 hundred cubic feet (ccf), compared to 649,000 ccf during Q1-2017, representing a 4.7% decrease. This is part of a general trend of decreased year-over-year water consumption per account due largely to conservation efforts and appliance efficiency improvements. Additionally, the City has not provided water to Water District #111 since its contract was renegotiated; in Q1-2017, Water District #111 consumed 39,300 ccf of water.

The **Sewer Utility** finished Q1-2018 with operating income before depreciation of \$557,000 as compared to operating income of \$441,000 in Q1-2017. This increase is due primarily to lower operating expenditures thus far in 2018.

The **Stormwater Utility** ended Q1-2018 with operating income before depreciation of \$773,000 compared with \$663,000 in Q1-2017. This increase is due primarily to lower operating expenditures.

Through first quarter 2018, the **Solid Waste Utility** Fund had \$3.7 million in operating revenues, compared to \$3.5 million in operating expenditures, resulting in an increase in Working Capital of about \$168,000.

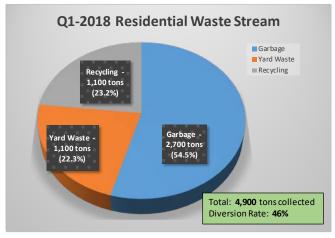

The City of Auburn's Solid Waste services are outsourced to Waste Management and to Republic Services, who manages the contract for the annexed areas. As of March 2018, Waste Management serviced 15,447 customers (79% of customers) and Republic Services serviced 4,047 customers (21% of customers).

The current mix of customer account types is:

- 89% Residential
- 8% Commercial
- 3% Multifamily

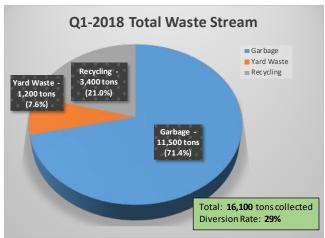

The "diversion rate" is a measure of how much generated waste is not sent to the landfill; i.e., waste that is either recycled or collected yard waste. Through Q1-2018, the total diversion rate was 29%, which represents a total of 4,600 tons of waste that was diverted from landfills.

Q1-2018 Tons Collected and Diversion Rates:

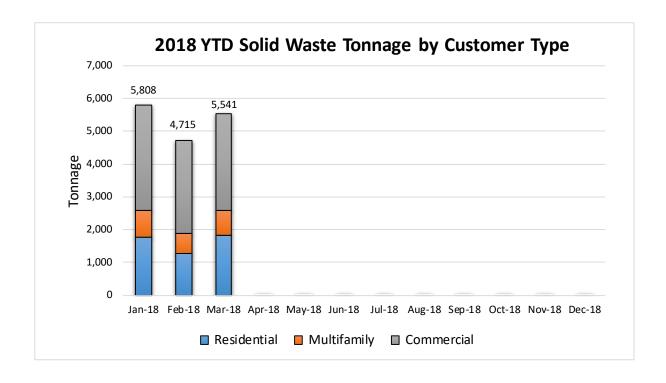

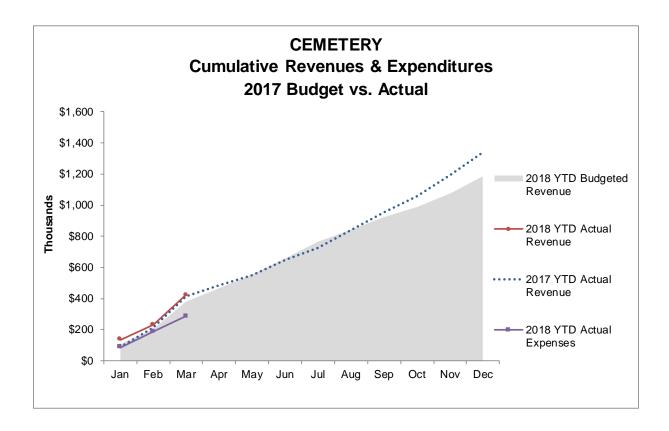

Of the total tonnage collected through Q1-2018, 30% was collected from residential customers, 14% from multifamily customers, and 56% from commercial customers, as shown in the following graph.

Through Q1-2018 the **Cemetery Fund** experienced operating income of \$133,000, as compared with an operating income of \$158,000 in Q1-2017. This variance is mainly due to increased expenditures for supplies and slightly lower revenues from sales.

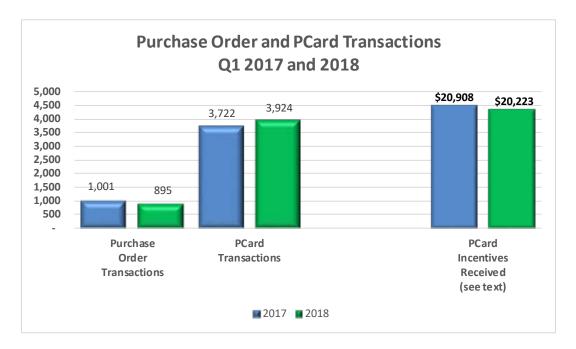

Internal Service Funds

Operating expenditures within the **Insurance** Fund represent the premium cost pool that will be allocated monthly to other City funds over the course of 2018. As a result, the expenditure balance will gradually diminish each month throughout the year.

No significant variances are reported in the **Worker's Compensation**, **Facilities**, **Innovation & Technology**, or **Equipment Rental** Funds.

P-Card Statistics

The City has been actively promoting the use of P-Cards in lieu of purchase orders to minimize effort and maximize incentive payments from the vendor and the State. In Q1 2018, 3,924 P-Card transactions were processed as compared with 895 purchase order transactions. Total incentive payments received from US Bank in Q1 2018 totaled \$20,223. These are estimated payments since the quarterly rebate checks are not actually received until the next quarter. Additionally, there is an annual incentive payment from the State that is received in Q2 of each year. The annual State incentive payment for 2017 was \$24,693 and was received in April of 2018.

Contact Information

This report is prepared by the Finance Department. Additional financial information can also be viewed at our website: http://www.auburnwa.gov/. For any questions about this report please contact Shelley Coleman at scoleman@auburnwa.gov.
